Writing motive

Beyond past to future

All are still bound to past

All are fear of past weapon of mass destruction

This is macro power to ban opening future

Solving weapon of mass destructions

Then, safe and strong power is not in the weapon of mass destruction

But righteous soul living of micro power

Micro power is all solve macro power

Then micro concept world is direct to future

Future is righteous soul livings best place to live on

It shares time with other, help other, but also doing real love other

This living is future of righteous soul living

Righteous soul living region is powerful region

Define Electro wave energy

What is electro wave energy?

At once, electro wave energy, I imagined that I can control, I can send to another place, I can make electro energy hit other place target it.

At now all of place, used old knowledge of weapon of mass destruction.

This is old knowledge

This old knowledge based on revenge and breaking

I do not know why try to revenge and breaking other

It is sure try to get easy living as revenge and breaking

This is simple

A wicked soul living of person to win other

So that it is necessary a simple and old knowledge weapon of mass destruction

Wicked soul old knowledge it never to be growing, our living place, just one step further to the future, at now all limit in past old knowledge governing us

If some place getting well then, right after start to build weapon of mass destruction easily built to revenge and breaking other place

This is not relative with

A personal growing

A person of righteous soul beginning

In the righteous soul living in destination place of micro concept world, a person of righteous soul start

A person of righteous soul created at righteous soul living in destination place.

Right after creating a righteous soul is

Righteous soul energy is $1/\infty$

Creation of knowledge is $1/\infty$

So that righteous soul needs to voyage to the macro concept world

Righteous soul is from micro concept world,

From beginning of creating a righteous soul is from righteous soul living in destination place,

But a wicked soul who voyaged macro concept world but failed to completion of

Righteous soul macro concept world voyage mission is

Righteous soul energy from $1/\infty$ to ∞

Creation of knowledge from $1/\infty$ to ∞

But a completion of righteous soul mission to runs to the righteous soul living in destination place

Do not a completion of righteous soul mission to runs to the wicked soul living in destination place

Creating righteous soul must be save help wicked soul to be creating righteous soul and bring created changed from wicked soul to righteous soul to righteous soul living in destination place

So that

A righteous soul macro concept world

Keep completion to righteous soul energy ∞

Creation of knowledge ∞

This power to help and save a wicked soul to be living creating righteous soul

Here then,

Righteous soul living in destination place a creator dream is all of

wicked soul in the macro concept world all to be changed and created to righteous soul all safe returning to the righteous soul living in destination place

A righteous soul creator keeps sending creation of knowledge

So, then a righteous soul receives as the bubble of creation of knowledge

While a righteous soul inside is silence and clean clear, coincidence it to be feeling and hearing a bubble of creation of knowledge

As that a righteous soul keeps growing creation of knowledge from $1/\infty$ to ∞ , this creation of knowledge is solving problems to runs to the righteous soul living in destination place

This creation of knowledge is

Righteous soul mission is to save a wicked soul to create a righteous soul

Here is how to increasing righteous soul energy

Macro concept world and micro concept world both world governing governor is cosmos law

Originality cosmos has been

Silence and clean clear

But wicked souls appeared up in the macro concept world

So that

Macro concept world changed from silence and clean clear to loudly and dirty of wicked souls living

So that a righteous soul mission wicked soul to righteous soul creating affairs all connect to cosmos law giving righteous soul living energy

So that,

If a righteous soul mission a wicked soul to creating righteous soul then, coincidentally righteous soul righteous soul living energy is changed $1/\infty$ to ∞

So then

In the macro concept world voyage

A righteous soul completion of

Righteous soul energy ∞

Creation of knowledge ∞

Then, a righteous soul safe returning to the righteous soul living in destination place

If not then, a righteous soul does not completion of

Righteous soul living energy ∞

Creation of knowledge ∞

This righteous soul a person does not living in righteous soul but living in wicked soul of easy living

A wicked soul easy living it never ever completion of

Righteous soul living energy ∞

Creation of knowledge ∞

This easy living a wicked soul reach at wicked soul living in destination place

Wicked soul living in destination place is

Wicked soul living energy ∞

Old knowledge ∞

This is cosmos law judge result all penalty

Then,

In the wicked soul living in destination place

Still revenge and breaking other

Due to wicked soul fail to runs to the righteous soul living in destination place

Wicked souls all their failure as others wrong behavior to a wicked soul so that wicked souls are anger of revenge breaking other.

Wicked soul living in destination place

Anger of revenge and breaking other, so that wicked soul's top purpose is macro concept world breaking of war, all revenge and breaking

At now macro concept world

Livingings are a righteous soul living a wicked soul living mixed in the macro concept world

Wicked soul living in destination place energy supply to the macro concept world of revenge and breaking

So that wicked soul inside is all loudly and dirty so that, all of wicked soul livingings depend on old knowledge

Wicked souls do not know future knowledge

So that all of wicked souls are

Still to revenge and breaking this is prime concerning

Strange it is true

A place to place all connecting past history

A region to region all connecting to past history

Wicked soul living in destination place basic old knowledge is easy living of revenge and breaking

But also, these wicked soul regions all depend on old knowledge
Weapon of mass destruction.

In this place and region, a righteous soul growing circumstance is
huge hard all of righteous soul changed in to wicked soul because a
place and a region living is itself is wicked soul livings revenge and
breaking region.

To Define Electro wave energy

Righteous soul must be completion of righteous soul mission then
righteous soul safe returning to the righteous soul living in destination
place

This is righteous souls' dream

To be that

Micro concept world a righteous soul living in destination place

Macro concept world all governing righteous soul livings so that

360°voayge circumstance is same righteous soul living in destination
place as macro concept world so that, huge number of righteous souls
360° voyage completion.

So then,

It imagines that electro wave energy,

This energy control by a righteous soul

This wave energy can reach at the target place by a righteous soul

So then,

It imagines that old knowledge of Weapon of mass destruction

To be explosive in the wicked soul livings governing place, even now all of weapon of mass destruction move by missile to the revenge and breaking region, so that most region tension, to be defense all of region automatically same wicked soul livings.

In the righteous soul living in destination place is

Righteous soul livings living circumstance is “it shares time with other, help other and doing real love other”, to keep it, righteous soul living in destination place help to the problems solving,

That is bubble of creation of knowledge

So then, it comes

electro wave energy

electro wave energy is help weapon of mass destruction remove

electron wave energy

target to the weapon of mass destruction site of location

electron wave energy goes all place all depth there is no obstacles

so that,

if a weapon of mass destruction removing required then electron wave energy targets it to remove,

then, at the location mass destruction weapon to be removed.

Not anymore

In this macro concept world wicked soul revenge and breaking

Energy governing

But righteous soul behavior of

It shares time with other, help other, but also doing real love other

This is basic power living

A region living is righteous soul of

It shares time with other, help other, but also doing real love other

Then, the place and region are best of best region, here is righteous soul livings growing possible

Righteous souls growing from $1/\infty$ to ∞ of righteous soul living in energy and creation of knowledge

Define Electro wave energy is righteous soul living creation of knowledge problems of solving comes.

Here is very critically important is

A righteous soul voyage completion circumstance is really urgency

Righteous soul a person living after at macro concept world automatically safe returning to the righteous soul living in destination place

Help each other all of righteous souls runs to the righteous soul living in destination place

Righteous soul

It shares time with other, help other, but also doing real love other

Righteous soul creation of knowledge all remove of

Righteous soul living obstruction

Electro wave energy appear up

Righteous soul macro concept world voyage peace and war, then if living peace then, righteous soul macro concept world voyage 360° possibility is higher.

If a righteous soul living time is war, then, huge number of righteous soul dead cause of war, then a dead righteous soul who must be completion of righteous soul energy ∞ , creation of knowledge ∞ , as war then their dead righteous soul is not completion of it.

So that their dead all reach at the wicked soul living in destination place their macro concept world voyage is not reach at 360°, but less than 360°.

So, then a righteous soul 360° voyage possibility depends on war or peace, so that righteous soul living in destination place send to the macro concept world, a righteous soul how to reduce war, all variable method.

At now voyage at macro concept world a righteous soul who living at inside of silence and clean clear, so that a righteous soul feeling of hear how to solve peace living place making, then the bubble of creation of knowledge comes to a righteous soul, the way is electro wave energy.

What is an electro wave energy?

This is created from a righteous soul feeling of hearing bubble of creature of knowledge.

Bubble of creation of knowledge is connect to only a righteous soul living who is silence clean clear in inside.

This means that, there is no wicked soul, there is no mind

Wicked soul is easy living, based revenge and breaking other

Mind living is getting much more than other.

So that righteous soul silence and clean clear is

A righteous soul inside there is no wicked soul, mind who are loudly and dirty origin.

Righteous soul runs to the vertical time running

Vertical time running is helping creation of knowledge.

Wicked soul runs to the horizontal time running, so that

Wicked soul horizontal time running helper is old knowledge.

Wicked soul living time is horizontal time

Wicked soul knowledge is old knowledge

Here is

Same area= depth $1/\infty$ X width ∞

This is horizontal time living

Same area= depth ∞ X width $1/\infty$

This is vertical time living

Horizontal time living is on the time

But vertical time living is not on time but time is $1/\infty$

So then,

Wicked soul living is horizontal time living

Righteous soul living is vertical time living

Wicked soul old knowledge

Righteous soul creation of knowledge

Old knowledge is problem product and do not solve

Creation of knowledge is problems solving

By accidently

A time ago getting know to win war so that a region product

“Weapon of mass destruction revenge and breaking other”

Until now it is the problems make a righteous soul hard voyage 360° so that righteous soul living in destination place, send to the macro concept world a righteous soul voyager.

A righteous soul feeling and hear of

Solving old knowledge of

“Weapon of mass destruction revenge and breaking other” solving method

That is righteous soul creation of knowledge and vertical time running a righteous soul feeling and hear of bubble of creation of knowledge.

What have been saying

Righteous soul creation of knowledge is solving problems, so that here problems is

“Weapon of mass destruction revenge and breaking other”

Righteous soul who are living in inside silence and clean clear, getting bubble of creation of knowledge, that is “Electro wave energy”

This is simple

This is all knows

But this is using for defense war, keep peace

What is this is all infer of imagine

Here is not give detail of “electro wave energy”

But here saying is

A righteous soul can control “electro wave energy”

Sending to target region correct place

Sending electro wave energy to the target explosive or

Make trouble all of “Weapon of mass destruction revenge and breaking other”

This is matter of a wicked soul revenge and breaking to other place, but righteous soul solving problems is

“Weapon of mass destruction revenge and breaking other” is at the same place explosive and make trouble so that damage is all own of it, is not other.

This is based on imagine only, it must be impossible I do not know, this is novel expression!

Anyways

Righteous soul creation of knowledge solves now problems

This is saying it

Righteous soul keeps peace

Righteous souls best region is not old knowledge of "Weapon of mass destruction revenge and breaking other" but creation of knowledge of "electro wave energy"

This "electro wave energy" is keeper peace for righteous soul

So then, infer that all of region getting "elective wave energy" then

Which region build

"Weapon of mass destruction revenge and breaking other"

Which is potentially dangerous builder's region?

This is righteous soul creature of knowledge problems solving

"elective wave energy" definition

Elective wave energy create for old knowledge "Weapon of mass destruction revenge and breaking other" useless.

Then what is next

A personal living of righteous soul

A personal living wicked soul

A personal living mind living

This is prime concerning appeared up

A living whole living result is 360° voyage arriving at righteous soul living in destination place

Or

A living whole living result is not reach at 360° voyage fall to the wicked soul living in destination place

Automatically

A living of mind living direct to the wicked soul living in destination place fallen

As solving this problem

“Weapon of mass destruction revenge and breaking other”

its sure righteous soul voyage 360°, this is all of macro concept world livings main issue

if then, all of livings are try to live righteous soul living

then, the living will be excitement and pleasure living

but

here is all

keep wicked soul living easy living
mind living getting much more than other
still there

99% to 1% & 100% to 0%

When I was elementary school student, I was segregated from 99% student.

I'm only 1%

Another majority of 99%

At now, elementary school student all 100%, there is no segregated 1% student.

I'm a 1% student who estimated me by a teacher in my student record

The saying is "meek, docile student" truly I was all loser from 99% student.

Truly I did stop elementary student one year, I did twice one year student.

My student record is same inferring that other teacher also use 1 year record, yes! I was a fearful meek student.

Truly

I was helped from my native village friend, all of elementary school student yes! I'm a segregated student

I was 1% student

At that time 99% student easy treat me weak and target of maltreat

Segregated student, but now still in my working community I'm segregated from majority

Other are all 99%

Me is only 1%

Yes, it is true!

But, I'm 1% student and now living 1% living

But after me

After some of time passed

In the elementary school there is no like me of 1%

But all living 100% is same

What is this?

Why I'm try to say in this in here

99%,100% is what?

1%, 0% is what?

When I was role of 1% then, 99 % attacking me so their enemy is like really weak me, so 99% they feel what, but infer that they must be win and victory me, me is really meek, docile

Infer that 99% they are all safer cause of segregate me 1%, at last 99% living are same team, just 1% segregate and make hard but they living is really excitement

99% student never ever do not know 1% student living

Set back!

When I was role of 1%, hard time I'm accept

But no one accept of hard time so that 100% is same

What is this?

100% to 0%

99% to 1%

What is difference?

Someone will be best because there is no segregate

Another feel questions?

99% students are free from fear other attacking; revenge and breaking

Because they are revenge and breaking me is done, just 1% of me is their enemy who am was meek, docile

100% student to 0% then, here is happening is

All student does not any show inside deep bubble of creation of knowledge, all their saying is defending words; anger, shout loudly saying, it never saying humble, gentle.

But truly

When I was 1% segregate then, 99% are free, because 99% students are winner, loser is me 1%, so that, what happened

99% a student did

“it shares time with me, help me, and doing real love me”

A student changed to help me,

Truly

“it shares time with me, help me, and doing real love me” is my all-book righteous soul behavior

As I was 1 % segregate me and 99% majority case, appeared up

A righteous soul, a student courageously for me, my side, so that, 1% living me so that even a student is 99% but also to me, so that

A student and me being 2% of group.

Truly, a student is class leader, so that even I'm a meek, docile but I can live with 99% as help of a leader.

Infer that a leader helping me, then he must be growing of a righteous soul energy, because, cosmos law knows and judge a situation so, a helper living even I am segregating but I could do live righteous soul living with a leader.

Here is infer that

100%, there is no any segregated student 0%

In this group!

All student does not show there possibly like me of meek, docile

The group

All lie deceit living with other

All of 100% group students are defense other revenge and breaking

All students are hidden living

Here seen happening is in the 100% group, all deceit each other

So that here is not appeared up a righteous soul, all living wicked soul livings.

99% to 1%

100% to 0%

As generations living then

99% to 1% case, here is as the 1% huge number of livings are

From 99% to 1% move and being, because

1% group leader with me also, but also leader show open

Righteous soul living behavior

“it shares time with me, help me, and doing real love me”

Then, 99% see 1% me

That is not true 99% but true is 1%

So that as the 1% living me, 99% living deceit do not real livings are
changed to righteous soul livings

But 100% to 0% generations are

They built their standard of living law is 100%

So that, all of law is defense wicked souls to be giving penalty

100% groups generations are

Like of killing sex, drama is general living

Even much more than war, world war

100% to 0% groups are all never ever open to other, closing to other
so that, talking to other, then, drama sex, killing deceit and make

money etc.

But 99% to 1% group

Living of righteous soul living behavior

It shares time with other, help other, but also doing real love other

Open to open with other

So that, they are all growing to be gentle and help other

Of human god, not human animal

Yes!

Only 1% of meek, docile student living real and truth so that

99% student changed

Righteous soul livings are not 99% but only 1% living

But, 1% is very weak meek, docile who are losers

But 1% real living is really changed wicked soul livings to righteous soul living

Just 1% loser or meek and docile, a righteous soul is seed to be changing wicked soul living community to righteous soul community

Old knowledge Weapon of mass destruction

Wicked soul Weapon of mass destruction

Righteous soul Electro wave energy

Wicked soul weapon of mass destruction is based on old knowledge

Righteous soul electro wave energy is based on create of knowledge

Wicked soul old knowledge is relative with unburnt residue past a wicked soul revenge and breaking

Righteous soul creature of knowledge is relative with silence and clean clear of perfect burnt of it shares time with other, help other, but also doing real love other

Wicked soul old knowledge is basically revenge and breaking other, as other breaking then only a wicked soul living easy living, so that other must be all erased from a wicked soul

Righteous soul creature of knowledge is basically help growing other, so the righteous soul doing live with other, here is righteous soul, wicked soul who righteous soul does real love to create righteous soul

Wicked soul living only a wicked soul so as to around of other to be all breaking so that all own by a wicked soul

Righteous soul living helps other to growing a righteous soul to be safe returning to the righteous soul living in destination place, but a wicked soul to be helped from a righteous soul to be a righteous soul

Strange a huge region saying national interest changed a regional interest, this is political slogan who is a regional representative

Wicked soul is living only a wicked soul living interesting only

Righteous soul is living “it shares time with other, help other, but also doing real love other”

Living with other

Regional livings are not interesting with other region livings

But only her region living without other region livings

This is characteristic of wicked soul livings

Wicked soul livings are easy living using energy of revenge and breaking

Righteous soul me living is fear

My living around huge region of only a regional interesting living are their region saying restore historical past it

Near me feel fear

Then, they are national interesting

Exclusively national interesting

But there is no interesting a personal interesting

National interesting is only living a regional representative but all to be her slaver, national interesting livings old knowledge

A argue of national regional interesting representative living is based on old knowledge, so that a representative time is horizontal time living

What is horizontal time living is

Horizontal time= depth of $1/\infty$ X width ∞ = Constant

Vertical time = depth of ∞ X width $1/\infty$ = constant

Horizontal time= depth of $1/\infty$ X width ∞ = Constant based on old knowledge of wicked soul living interesting only national interesting of regional interesting, these livings are still trying to wider and lager steal near other region territory, this is really only knowledge basis

There national regional interesting is only expand their territory, so

that near other regional territory to get wider, they are try to build now

Weapon of mass destruction

Vertical time = depth of ∞ X width $1/\infty = \text{constant}$ based on creation of knowledge of righteous soul living “it shares time with other, help other, but also doing real love other”

Here is

Vertical time = depth of ∞ X width $1/\infty = \text{constant}$

Is not regional interesting but a personal interesting

A personal living is righteous soul living or wicked soul living, then a righteous soul living is if a righteous soul living then, a righteous soul helps a righteous soul living to be safe returning to the righteous soul living in destination place, but still living in wicked soul living then, help a wicked soul to be creating a righteous soul

So then,

Vertical time a righteous soul living “it shares time with other, help other, and doing real love other” is

Electro wave energy

Truly a wicked soul

Horizontal time living is regional interesting

So that in the horizontal time living

Horizontal time = depth of $1/\infty$ X **width** ∞ = Constant

Only interesting is old knowledge of width ∞

It is strange why wicked soul still expand LAND

Truly a righteous soul

Vertical time living is a personal living interesting

So that vertical time living

Vertical time = depth of ∞ X width $1/\infty$ = constant

Only interesting is creature of knowledge of depth ∞

It is not interesting LAND expand but depth go deeper

Because

Horizontal time living old knowledge do not know ultimate runs to righteous soul living in destination place arrival its completion of macro concept world mission so that 360° voyage completion

So that still they are depend on old knowledge, so that revenge and breaking of useless behavior to runs to the righteous soul living in destination place

Horizontal living a wicked soul living how piety it is,

But vertical time living creature of knowledge help knowing in the macro concept world living ultimate runs to the righteous soul living in destination place arrival so that macro concept world mission is much more important so that, a righteous soul runs to the depth ∞ , here is depth ∞ helping creation of knowledge

Completion of macro concept world voyage mission so that 360° voyage completion

A righteous soul arrival safe returning to the righteous soul living in destination place

At now living

Wicked souls are trying to get wider all effort

Righteous souls are trying to get deeper all effort

Righteous soul living in destination place is at much depth place

Wicked soul living in destination place is at much wider place

Righteous souls are “it shares time with other, help other, but also doing real love other”

Righteous soul runs with other to the righteous soul living in destination place so that it is as righteous soul land

Wicked souls are” only one of wicked soul easy living other all sacrifice to be that using revenge and breaking other”

Wicked soul runs only one wicked soul easy living all of other sacrifice so that it is as wicked soul island

In the macro concept world

Only a regional and national interesting concept based on wicked soul old knowledge

In the macro concept world

A personal interesting is running to the righteous soul living in destination place 360° voyage micro to macro voyage to the righteous soul living in destination place concept based on righteous soul creation of knowledge

Old knowledge getting wider of horizontal time running a regional representative try to war other all erased and getting all only wicked soul living easy living

Old knowledge a wicked soul tries to break a war

Weapon of mass destruction

Creation of knowledge getting deeper of vertical time running a personal livings defense war going with other, a righteous soul interesting is with other as righteous soul land runs to the righteous soul living in destination place

Creation of knowledge a righteous soul tries to live in peace

Electro wave energy

Weapon of electro wave energy

Old knowledge wicked souls are urgent and depend on Weapon of mass destruction

Creation of knowledge righteous soul will be creating weapon of electro wave energy

Old knowledge wicked soul effort all energy for revenge and breaking other, only living wicked soul oneself

So that, wicked souls are not matter personal living death or not, but all effort only build weapon of mass destruction

But creation of knowledge righteous soul living first righteous soul of personal safe living, so that a righteous soul of macro concept world voyage completion is urgent, creation of knowledge first affairs is not built weapon of mass destruction but solving righteous soul macro concept world mission clear helping.

At now righteous soul problems is too heavy over old knowledge for weapon of mass destruction, so that creation of knowledge a righteous soul vertical time running much more running to the deeper place, then a righteous creation of knowledge solving

That is weapon of electro wave energy

This is inferring of imagine here is not me just novel writer, so then

The imagination is

Just electronic wave of communication possible, here is only

Carry voice to long distance, but instead of voice but energy to carry
GPS point, that is the energy break Weapon of mass destruction,

Righteous soul of creation of knowledge creating

Weapon of electro wave energy, this weapon is carrying energy to the
GPS point to be destroy Weapon of mass destruction

Here is righteous soul creation of knowledge creating

Weapon of electro wave energy is not damage other, just for keeping
peace, this is not offence but defense creature of knowledge.

Righteous soul creature of knowledge

Weapon of electro wave energy is just air spread but, the fitting to
find out weapon of mass destruction

So that, just like cloudy but cloudy air all getting trough, so that

Weapon of electro wave energy cloudy air, micro concept attacking
so that, the weapon of mass destruction all out of order, so that,
impossible to missile firing installation so that, its impossible missile
launching.

Righteous soul living of creation of knowledge keep a personal concept of righteous soul

Here is really clear

Wicked soul old knowledge weapon of mass destruction to be useless in the war, it is sure

So that, wicked souls against to the cosmos law

The region livings all to be judged as wicked soul living energy

Who will go to the wicked soul living in destination place?

Until now!

In the macro concept world, each personal problem is safe returning to the righteous soul living in destination place or not, is urgent, but just only one of wicked soul living other all die of weapon of mass destruction

Cosmos law governing macro concept world

With body living, but also micro concept world without body living

Cosmos law know that

Micro concept world righteous soul living in destination place, wicked soul living in destination place

Here is cosmos law is correction for the cosmos managing

So then, in the macro concept world old knowledge horizontal time living wicked soul cosmos law judgement result is wicked soul living in destination place

So then, in the macro concept world creation of knowledge vertical time living righteous soul cosmos law judgement result is righteous soul living in destination place

Old knowledge wicked soul horizontal time living is easy living of using revenge and breaking other, for only wicked soul only one easy living, here is easy living of wicked soul, do not know

A righteous soul sacrifice and righteous soul living is “it shares time with other, help other, but also doing real love other”

This is also from righteous soul living silence and clean clear of bubble of creation of knowledge.

In the macro concept world easy living only one of wicked soul living easy is as same as animal living

So that easy living of wicked soul is in the seen of righteous soul living then, called as human animal

Even in the macro concept world same feature of human being but truly human animal, just same as animal tasteful food only wicked soul one, and after that only easy living of idle of playing living

That is human animal

But macro concept world a righteous soul

As same as cosmos law is silence and clean clear

A righteous soul silence and clean clear living

Macro concept world cosmos law keeping

Micro concept world cosmos law keeping

Here is comes cosmos and me is same

$0 + \text{righteous soul me} = 0$

Here is 0 is a cosmos law

Righteous soul me is cosmos law

So that, righteous soul me is silence and clean clear

0 of cosmos law is also silence and clean clear

As righteous soul keeps a cosmos law, then

Cosmos law judged and result give righteous soul energy ∞

But also, righteous soul living in silence and clean clear bubble of creature of knowledge get a creation of knowledge is ∞

A righteous soul safe returning to the righteous soul living in destination place

Here is righteous soul me is a god of human being

God of human being

In the macro concept world

Old knowledge of wicked soul living is

Human animal

Creation of righteous soul living is

God of human being

In the same living in the macro concept world

An old knowledge wicked soul result is human animal for food of god

A creation of knowledge righteous soul result is god of human so that after macro concept world voyage, god of human being a righteous soul eats human animal food

Wicked soul revenge and breaking

Wicked soul before living in the macro concept world, failed to safe returning to the righteous soul living in destination place, so that now living in the macro concept world.

Wicked soul had lived at wicked soul living in destination place where was huge hard living of loudly and dirty living, but all of wicked soul living in destination place livings are really all deceit and revenge and breaking each other,

The place never ever living again, so that a wicked soul huge anger because I'm living at wicked soul living in destination place.

So that a wicked soul living at now macro concept world living is revenge and breaking others

Wicked souls are all effort is revenge and breaking at now living, this is wicked soul mission, so that in the macro concept world wicked souls try to do it, the best way of revenge and breaking tool is Weapon of mass destruction.

Wicked soul living in destination place energy is helping breaking war, all of macro concept world.

Truly old knowledge wicked souls are all effort holding huge number of Weapon of mass destruction. They do not know creature of knowledge so that, they are all cling to the past of revenge history.

All of wicked soul and revenge and breaking so then, strong connect

to the past of historical knowledge.

Wicked soul old knowledge wins the game of war, so that they all product huge number of Weapon of mass destruction.

But they all forgotten and do not effort a personal living, wicked soul living regions strong feature are all of personal livings are all hard living, but only small livings of power class are living easy, so that, they are try to keep easy living from other region, so that, all of wicked souls are depend on old knowledge weapon of mass destruction.

Here is a personal living is really important

Because a personal living survives righteous soul living in the macro concept world, then, a living is righteous soul living, in the end safe returning to the righteous soul living in destination place, but if war and wicked soul all of revenge and breaking then, infer of possible to be died from a war.

Righteous soul living is truly all of energy is “it shares time with other, help other, but also doing real love other”

But wicked soul living is “revenge and breaking other”

Righteous soul living keeping “it shares time with other, help other, but also doing real love other” so that, it must be required to safe from a wicked soul revenge and breaking.

Wicked soul revenge and breaking other is weapon of mass destruction.

Righteous soul “it shares time with other, help other, but also doing real love other is Weapon of electro wave energy

Weapon of electro wave energy is not breaking other but this weapon is all of world weapon of mass destruction to be break down, so that the weapon of mass destruction does not use to revenge and breaking other.

This is difference righteous soul creation of knowledge from wicked soul old knowledge.

Righteous soul only knows it shares time with other, help other, but also doing real love other, so that righteous soul creation of knowledge is not revenge and breaking other but help other, and doing real love other,

Righteous soul creation of knowledge Weapon of electro wave energy anything does not harm other, but wicked soul old knowledge weapon of mass destruction, which is making all dying.

This is huge difference

Righteous soul creation of knowledge is Weapon of electro wave energy connect to “it shares time with other, help other but also doing real love other”

But also keep a peace in the macro concept world

Righteous soul creation of knowledge is helping a personal living's righteous soul living, so that this is connecting to the righteous soul living in destination place.

Truly

In the macro concept world livings are urgent

Wicked soul to be saved from a righteous soul mission

“righteous soul meets a wicked soul, and doing real love and create a wicked soul to righteous soul, and a righteous soul bring a created righteous soul to the righteous soul living in destination place”

Righteous soul tries to do mission clear all effort, so then all of personal livings are opportunity in this macro concept world living whether safe returning to the righteous soul living or not.

In the macro concept world living is really hard

As a righteous soul completion and safe returning to the righteous soul living in destination place then, a righteous soul not anymore living in the macro concept world.

Macro concept world living is huge hard

Hunger solving problems solving

Sleeping site problems solving

And family support problems solving

If a righteous soul or wicked soul in the macro concept world

Completion of righteous soul mission, then a macro concept world a living not anymore hunger problems sleeping site problems all problems is finished so that it never ever come back to the macro concept world, this is all of macro concept world personal livings wanting

But

Truly hard because all of macro concept world

Livings are

Wicked soul easy living with revenge and breaking energy using

Mind livings are getting much more than others of living

So that,

Most personal livings do not interesting

“it shares time with other, help other but also doing real love other”

So that, macro concept world personal lost, it really urgent in the macro concept world, that is safe returning to the righteous soul living

in destination place

Yes!

Most runs to hurry to the wicked soul living in destination place

Wicked souls are all win to the righteous soul

Because wicked souls are all using energy wrong or good,

Wicked soul easy livings behavior is -100, 0 +100 all of energy using to get easy living.

But if use -100, then even reach at the easy living book the living soon to be revenged from other, but all of wicked souls are using it,

But righteous soul living only using +100, so that, solving problems is only the respect is +100, righteous soul, so it is really hard.

Most wicked soul, and mind livings are not care but only win and getting much more than other.

This is wicked soul and mind problems producers; huge numbers of problems are in the macro concept world.

Wicked soul easy living to be that using revenge and breaking

Infer that it never ever easy living come true, only true is righteous soul hard living of “it shares time with other, help other, but also doing real love other”, this is difference wicked soul easy living from righteous soul hard living.

Yin and yang harmony broken is beginning of war

Yin and yang harmony is

Yin and yang meet yin and yang harmony creating

Then

Yin is inside host

Yang is outside host

So then

In the yin host yang is guest

In the yang host yin is guest

This is yin and yang harmony

This is accepted from cosmos law

And righteous soul living in destination place defined

Yin and yang harmony living

If yin and yang living harmony

This is kept peace but also, yin and yang run to the righteous soul

living in destination place

But yin and yang harmony are going crack

Inside yin refuse role of host because inside host is all of affaires

Yin recognition to

Out side host yang is best place because truly in the real world

Outside yang is real living

Inside yin is not real living

So that

Inside yin host refuse but yin also host in the yang

So then,

Cosmos law, righteous soul living in destination place creating rule

Yin and yang harmony

Inside yin is host

Outside is yang is host

Inside yin is host	Outside yang is host
Inside yang is guest	Outside yin is guest

This is cosmos law yin and yang harmony

But in the macro concept world

Truly economic behavior is mostly living at outside

So that, outside is yin and yang living, this is right

But in the micro concept world is

Keep a rule

Inside yin is host

Outside yang is host

Why cosmos law strong order of rule

This is yin and yang both safe returning to the righteous soul living in destination place

So that

Righteous soul living in destination place creator strong safe structure is

Inside host keep strong inside

Outside host keep strong outside

Then,

Inside keeper is yin

Outside keeper is yang

This is cosmos running criteria

So that,

Judge of macro concept world cosmos law

Only grade and help or penalty

In the host role play

So then

Cosmos law judge cosmos

In the yin host living of cosmos law

In the yang host of living of cosmos law

But there is no cosmos law in the

Guest of outside yin

Guest of inside yang

Here is not any judge by cosmos law

This is yin and yang principle

But here is macro concept world

Strange thing is happened

This is some of understand because economic behavior is outside host is preferring, there is no economic behavior in inside so that

Just only economic point of view

Macro concept world yin and yang harmony to be being broken

So that

Cosmos law is safe living running to the righteous soul living in destination place

Inside yin is role of driver to the righteous soul living in destination place but outside yang is space and vehicle running to the righteous soul living in destination place

But also

Yin and yang harmony is

Is

Righteous soul living behavior

It shares time with other

Help other,

But also doing real love other

Here is yin is for yang

Yang is for yin

Then, here is yin and yang harmony

In the inside host yin for guest of yang

In the outside host yang for guest of yin

Then!

Sure! of host role yin in the inside

Host of yin in the inside

Yin host shares time with guest yang in inside

Yin host help guest yang in inside

Yin host doing real love guest yang in inside

Sure!

Host of yang shares time with guest yin in outside

Host of yang help guest of yin in outside

Host of yang doing real love guest of yin in outside

This is righteous soul living behavior

So that

In the macro concept world

Righteous soul voyage then this is really safer, safest voyage

So that righteous soul living in destination place create

This yin and yang harmony

Yin and yang harmony is

Micro concept world

360°voayge from micro concept world righteous soul living in destination place to macro concept world safe returning to the righteous soul living in destination place

The purpose of 360°voayge is

A created righteous soul righteous soul living energy is $1/\infty$

A created righteous soul creation of knowledge is $1/\infty$

So that

360° voyage

Righteous soul completion of

Righteous soul living energy ∞

Creation of knowledge ∞

Because in the righteous soul living in destination place

Safe returning righteous souls are all

Righteous soul energy is ∞

Creation of knowledge is ∞

Here is righteous soul living in destination place living qualification
is

Righteous soul energy is ∞

Creation of knowledge is ∞

Then!

In the righteous soul living in destination place creator

Help safest best way in the 360° voyage to do completion of it

Is yin and yang harmony

Yin and yang harmony is

Yin is inside best do living is inside host role play

Yang is outside best do living is outside role play

Even macro concept world economic but sure of

Yin is inside host role player

Yang is outside host role player

This is micro concept world living

This is needed to be

Yin and yang both to be completion of macro concept world 360°
voyage

What I said before

360° voyage completion purpose is to get

Righteous soul living in destination place living qualification getting

This is east west south and north directions all cover

So that

Living is going through all

This is righteous soul

Righteous soul energy is ∞

Creation of knowledge is ∞

To going through

Then it needs energy and problems solving creation of knowledge

So then!

Righteous soul living in destination place creator

To do this only

Yin and yang harmony

But also, cosmos law is cosmos to be keep silence and clean clear

Then,

Yin and yang harmony is must be law

Yin and yang harmony is

At first silence and clean clear

So that to do it

Yin host help guest of yang to do living

Silence and clean clear

Yang host help guest of yin to do living

Silence and clean clear

So that yin and yang harmony is

Really urgent to do living in the macro concept world

360° voyage purpose is

Righteous soul energy $1/\infty$ to ∞

Creation of knowledge $1/\infty$ to ∞

But now!

In the macro concept world

Someone easy living of wicked soul living

So that

Try to do easy living

So that

In the macro concept world

Mind and wicked soul living of

Getting much more than other, and only me easy living

So then, this is all try to living guest living

In the micro concept world

Easy living only guest living do not count by a judge cosmos law

But

It is really dangerous

Strangely in the macro concept world

Wicked souls' minds livings are all throw away host role play but all living in guest livings

Inside host yin	Outside host yang
Inside guest of yang	Outside guest of yin

This is yin and yang harmony

But at now happening in the macro concept world

Inside guest of yang	Outside guest of yin

So that here is

Yin and yang broken

So that

Here is guest living place, there is no cosmos law judge

So that, here is guest living place is gradually retreat and retrograde

So then

Yin and yang harmony broken is beginning of war

Because

There is no host role playing region

All of guest role playing region retreat and retrograde but also

All of guest players are

Easy living

All of guest player only living easy

Guest livings do not host role, they already forgotten

Host living

In the now one host living plays

There is no excitement and pleasure

This broken yin and yang harmony

There is no excitement and pleasure and interesting

In inside yin of host nothing

In outside yang of host nothing

Then,

The time and place are all governing from old knowledge

So that
Old knowledge
There is no host
All guest

This abnormal
Broken yin and yang harmony
Do not go longer
But all occupied by wicked souls
So that in the region begin of war

In the war all of guest
And all of old knowledge livings are all to be disappeared
For the purpose of
Righteous soul yin and yang harmony of excitement and pleasure
living restore

Yes of course
In inside yin is host role play to the yang guest feeling excitement and
pleasure but also interesting

In outside yang host role play to the yin guest feeling excitement and pleasure but also interesting

yes

it is yin and yang harmony

Righteous soul energy $1/\infty$ to ∞

Creation of knowledge $1/\infty$ to ∞

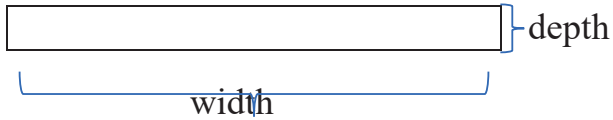

This is only real living

To get qualification to live

In the righteous soul living in destination place

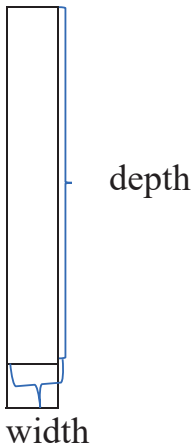

Horizontal time region war to get more land

Horizontal time definition

$$\text{horizontal time} = \text{width}^\infty \times \text{depth}^{1/\infty} = \text{constant}$$

vertical time definition

vertical time definition

$$\text{vertical time} = \text{depth}^\infty \times \text{width}^{1/\infty} = \text{constant}$$

vertical time = horizontal time is

$$\text{depth } \infty \times \text{width } 1/\infty = \text{width } \infty \times \text{depth } 1/\infty$$

vertical time increasing = horizontal time increasing

$$\text{depth } \infty = \text{width } \infty$$

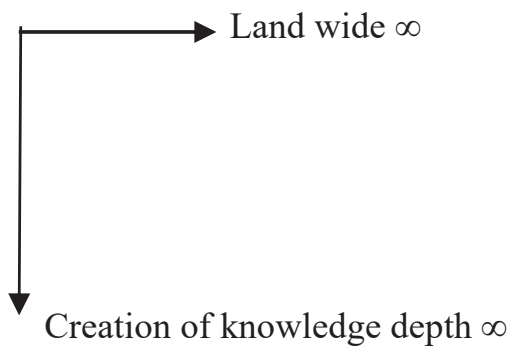

vertical time runs to depth ∞ increasing micro world

Horizontal time runs to width ∞ increasing macro world

Say again

Vertical time creature of knowledge depth

Horizontal time land getting wide

Vertical time creation of knowledge depth ∞

There is no in here

Wicked soul easy living of using revenge and breaking

Mind living get much more than other

Vertical time running is only creation of knowledge depth ∞

But horizontal time land wide ∞

There is in here

Wicked soul easy living of using revenge and breaking

Mind living get much more than other

Vertical time running to deepest

Running deepest livings only righteous soul

Horizontal time running to the widest

Running to widest livings are

Wicked souls

Mind livings

So then, truly infer that

Righteous soul is in the vertical time running

Wicked soul is in the horizontal time running

To get wider land of horizontal time is wicked soul revenge and breaking other wicked soul and mind only because of getting wide region is only wicked soul and mind

In this region

To get wider width is based on war

So that horizontal time region is wicked soul of war

But

To get much more depth is righteous soul only

So that in this vertical time region is

Righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

Here is

Much more important

A righteous soul runs to the deepest of vertical time running

This personal righteous soul living as mind $1/\infty$

So that personal righteous soul

Feeling is

Silence and clean clear of bubble of creation of knowledge

Vertical time = depend on increasing creation of knowledge

This is only to the personal running.

So that

Horizontal time region is direct to war

Vertical time region is direct to personal creation of knowledge increasing

Horizontal time to war of old knowledge

Vertical time to living righteous soul of creation of knowledge

Horizontal time runs to the end of land here is war

Vertical time runs to the deepest here is righteous soul silence and clean clear

It is clear and true

If a region increasing wicked souls then to get wide land then sure of

war, but this region is old knowledge region.

It is clear and true

If a region a person living in righteous soul then

To get deepest place a righteous soul silence and clean clear

Horizontal time is wicked soul region territory

Vertical time is a righteous soul a personal living

If there is a vertical time running a person is there then, the place it never to be being war, because a righteous soul tries to save a region to be living righteous soul living

But if there is no a vertical time running a person, then no one save urgent of war, but all wicked soul of horizontal time so that, in the place war is clear huge number of persons died

This is must be world war III

World war III will occur as vertical time running a righteous soul disappeared.

Then all wicked souls' revenge and breaking so that, it begins that horizontal time of war occurring.

It is sure

In the time of world war II time

There was no righteous soul vertical time running person

Even there is but, the righteous soul power is huge lower, lowest, so that, it is compared there was vertical time, but all horizontal time.

So that

Huge number of persons are died as the world war II

If now

There is a person died or disappeared of righteous soul vertical time running then, it soon to be start world war III

It strange a personal righteous soul person is not appeared, it infers that a hidden place living, please who must live vertical time running for preventing war.

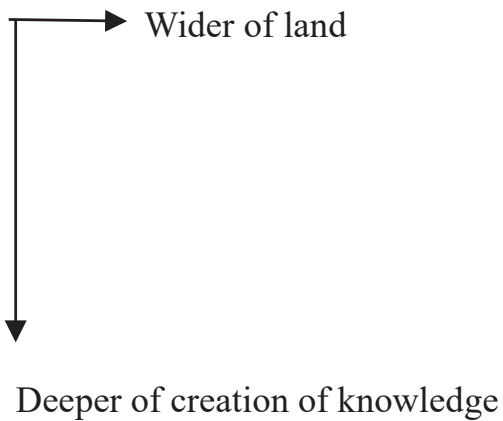

So that a righteous soul vertical time running living then, horizontal time wicked soul even angers to get much wider territory but, still strong vertical time running righteous souls are living so that, it still is not beginning world war III.

Vertical time region prevent war

Horizontal time getting wider of land

But

Vertical time go deeper of creation of knowledge

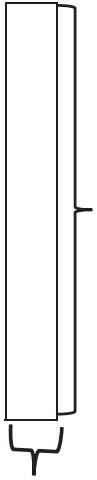

Vertical time goes to deeper of creation of knowledge

So that

Horizontal time is $1/\infty$

Vertical time is ∞

Then it must be showing like that

Wider of land is $1/\infty$

Deep of creation of knowledge is ∞

So that

Vertical time land is

As horizontal time is $1/\infty$

Vertical time $\infty \equiv$ vertical time ∞

Vertical time ∞ is creation of knowledge

Here is a righteous soul runs to the deeps of creation of knowledge

Because

Righteous soul is based on mind $1/\infty$

Here is mind is getting much more than other

So that as mind $1/\infty =$ do not getting much more than other

Coincidence

Righteous soul silence and clean clear comes

Because

Mind ∞ is based on wicked soul loudly and dirty of

Revenge and breaking other,

Mind and wicked soul are horizontal time of wider of land

Here is vertical time is $1/\infty$ but horizontal time is ∞

But

Vertical time of Deep of creation of knowledge is ∞

Righteous soul silence and clear of bubble of creation of knowledge

This is righteous soul runs to the deepest place

Righteous soul living in destination place

This is vertical time is compared with micro concept world

Here is macro concept world

Is seen world, so that horizontal time world is getting wide land is huge important so that here is horizontal time region is war is criteria to get much more other getting wider land

How to vertical time prevent war

Vertical time prevent war = horizontal time start war

Then it must be inferring that

If vertical time creative knowledge possible creating Weapon of electro wave energy keeps a righteous soul

This way also prevents war horizontal time starting war

But much more that strong power is

Vertical time creative knowledge is creating scientific knowledge so that vertical time

Vertical time ∞ is creation of knowledge

This is vertical time is scientific creation of knowledge possible

Vertical time region persons living is huge best to the horizontal time just war of territory wider war.

Vertical time region creation of knowledge economical productivity is ∞

But horizontal time region economical productivity is $1/\infty$

So that

Vertical time creation of knowledge is win to the horizontal time getting wider preferring region

This is can prevent horizontal time region war start.

Truly

Vertical time living of creation of knowledge

Region

Economically politically safer and growing region

So that here is

A righteous soul living behavior is possible

“it shares time with other, help other, but also doing real love other”

But also, it possible is

Here vertical time region

A righteous soul land is possible

So that a righteous soul living

“it shares time with other, help other, but also doing real love other”

There as around of a righteous soul all connecting as web, so that

All are strong relative land of righteous soul

This vertical time region is

Economical wealthy living region

Political system is strong righteous soul free and safe region

Macro concept world a righteous soul living best place

In the earth righteous soul living condition is best place

So that

A righteous soul mission of 360° voyage mission clear

A righteous soul vertical time living

Is

Creation of knowledge from $1/\infty$ to ∞

And

Righteous soul living energy from $1/\infty$ to ∞

So that

A righteous soul finally mission clear is

A righteous soul meets an ordained a wicked soul then do real love wicked soul of an ordain and creating a new righteous soul, so that in the macro concept world a righteous soul do experiment creating righteous soul

So that

A righteous soul vertical time running to the deepest place

A righteous soul living in destination place arrival

In there all of completion of 360° voyage so that they are all

Righteous soul energy is ∞

Creation of knowledge is ∞

In the righteous soul arrival deepest a righteous soul living in destination place, who living is fully excitement and deep pleasure of interesting with righteous souls

Why a personal living urgent being righteous soul?

Personal living is at living 360° voyage

But group living is at living 180° living

So then,

A personal living and group living is not same

A personal living 360° living feel, as the mind is $1/\infty$ then

Feel a righteous soul silence and clean clear

A silence and clean clear = bubble of creation of knowledge

This is happened in the only a personal 360° living

But a group of living is not reach at the mind $=1/\infty$

So that a group do not feel silence and clean clear

But also, mind is not $1/\infty$

So then, a group do not reach at silence and clean clear it means that

There is no bubble of creation of knowledge

So then, it is sure in the group there is no creation of knowledge

But group 180° travel depend on old knowledge

Here is

Personal

Living mind = $1/\infty$

Righteous soul = silence and clean clear

Silence and clean clear = bubble of creation of knowledge

Group

Living mind = ∞

Wicked soul = loudly and dirty

Loudly and dirty = old knowledge

Personal living is depending on feeling and creation of knowledge

But group living is depending on old knowledge

Creation of knowledge = bubble of feeling hearing creation of knowledge = unseen world

Old knowledge = a book written knowledge = seen world

Seen world old knowledge is all knows

But unseen world creation of knowledge is only me know it

Truly infer that

How to live

How to righteous soul living

How to wicked soul living

A corner of segregated from university education, a person living is completion of macro concept world 360° voyage

A person who was mind is $1/\infty$

Then,

A corner of person do not know old knowledge but only

As mind is $1/\infty$

A person inside is silence and clean clear

So that a person silence and clean clear

Get a bubble of creation of knowledge

This is not group but personal creation of knowledge

This a personal righteous soul living is not old knowledge but silence and clean clear of bubble of creation of knowledge only.

A personal righteous soul creative knowledge

Accept

Yin and yang harmony

This is

A corner of a personal living as a righteous soul living

In the creation of knowledge said to a person

Do live yin and yang harmony

What is yin and yang harmony

In the old knowledge saying just name of yin and yang harmony

Infer that

A personal righteous soul had lived completion of macro concept world, but a person did not say detail

Righteous soul me

A personal me inside as mind = $1/\infty$

Then, an inside is silence and clean clear

Bubble of creation of knowledge

Help me

What is yin and yang harmony

This is righteous soul creation of knowledge

But also, this is relative with cosmos law

Yin and yang harmony is simple

Yin and yang meet yin and yang harmony

Then

Yin is inside host

Yang is outside host

Yin is host inside a yang is guest

Yang is host outside a yin is guest

Much more

Here is cosmos law righteous soul energy helping is only

A host living

So that

A yin of inside host living is only cosmos law only

A yang of out side host living is only cosmos law only

But there is no cosmos law

A yin outside of guest

A yang inside of guest

This is very simple

This is yin and yang harmony

Is very strong

Host to cosmos law

Host living is possible righteous soul living energy

Of wicked soul living energy

So that

Macro concept world a personal living

Keep a cosmos law as host living then, cosmos law will give

A righteous soul living energy

But if personal living

Do not keep a cosmos law then cosmos law will give

A wicked soul living energy

But in the macro concept world

A personal living all guest living then, the living out of cosmos law

So that, the living all useless living with righteous soul living energy
so that

Automatically wicked soul living energy getting.

What is difference a righteous soul living energy getting or wicked
soul living getting

Righteous soul living energy is for 360° using energy

Wicked soul living energy is not for 360° using energy

360° voyage using energy is completion of macro concept world
living righteous soul mission clear

Safe returning to the righteous soul living in destination place

But 180° voyage using energy is do not completion of macro concept world living righteous soul mission clear

Do not returning to the righteous soul living in destination place

But to fallen to the wicked soul living in destination place

Then, what is difference

Righteous soul living in destination place safe returning a righteous soul

Do not reach at righteous soul living in destination place, but fallen to the wicked soul living in destination place

Righteous soul living in destination place a righteous soul

Righteous soul macro concept world mission clear

Is

Righteous soul living energy is getting from $1/\infty$ to ∞

Creation of knowledge is getting from $1/\infty$ to ∞

So that

A personal righteous soul can live with other, righteous soul

It shares time with other, help other, but also doing real love other

But

Wicked soul living in destination place

A wicked soul did not completion of macro concept world mission

So that

A wicked soul righteous soul living energy is $1/\infty$

But wicked soul living energy is ∞

A creation of knowledge is $1/\infty$

But old knowledge is ∞

So that all of now living in the macro concept world a personal try to runs to the righteous soul living in destination place

A righteous soul living in destination place arrival a person is righteous soul, creator and god

But wicked soul living in destination place arrival a person is

Wicked soul, god's food of human animal livestock

A macro concept world righteous soul of 360° voyage completion is god

A macro concept world wicked soul of 180° voyage do not completion

is god's food of human animal livestock

We do not know, this inferring

But,

This is lie even

But, if a personal living is at righteous soul living in destination place then, this is died in the macro concept world, but righteous soul is god, so that god will eat human livestock

But if a person living is wicked soul living in destination place, then this is died in the macro concept world, so dying is same, but wicked soul is god's food of human livestock only.

Who know?

Dying is same in the macro concept world but

Who know?

A person of a righteous soul to be god and eat a human livestock

A person of a wicked soul to be god's food of human livestock

God Top of Food Chain

God

Human animal: {human god → to be god}

carnivore animal

herbivore animal

green plant

herbivore animal eats green plant

carnivore animal eats herbivore animal

human being; human animal, and to be god of human being eats green plants, herbivore animal, carnivore animal

god eats human animal

here is human animal, human god is needed to definition

human animal is to be eaten by god

righteous soul living energy is $1/\infty$

wicked soul living energy is ∞

creation of knowledge is $1/\infty$

old knowledge is ∞

but human god is to be god

righteous soul living energy is ∞

wicked soul living energy is $1/\infty$

creation of knowledge is ∞

old knowledge is $1/\infty$

all macro concept world livings to be died

before dying all is same

so that, all is animal

but after dying, it to be soon to be known that

a dying is human animal

a dying is human god

a dying human for god hunger problems helping

a dying human god for being god in the righteous soul living in destination place, but also soon eat human animal

even if a macro concept world a region there is no human god then

god top of food chain of god

human animal pasture farming

god open free human animal pasture farming

then, there is

human animal is

righteous soul living energy is $1/\infty$

but wicked soul living energy is ∞

creation of knowledge is $1/\infty$

old knowledge is ∞

so then

in the god of human animal pasture of farming

human animals are all to get much more than other, but also easy
living is prime concerning

so that

this human animal living is

horizontal time living

so that

here living is

horizontal time human animal living = width $\infty \times$ depth $1/\infty$ = in the
righteous soul living in destination place to be god's food

but in the wicked soul living in destination place is god's food waste
site

here is

horizontal time human animal living = width $\infty \times$ depth $1/\infty$

this is war of wide of width

this is only

getting much more than other,

but also, easy living

because horizontal time human animal living=

creation of knowledge is $1/\infty$

so that, human animals only trust old knowledge so that

still human animal tries to keep width larger than other, this is same as mind and wicked soul getting much more than other, and easy living, so that, this is only

only necessary war

therefore, all of

horizontal time human animals built

“Weapon of mass destruction revenge and breaking other”

It is sure of

Human animal pasture of farming is horizontal time

width $\infty \times$ depth $1/\infty$, so that god see god's food of pasture farming

a human animal tries to get much more than other, huge number of around of a human animal damaged then, god help safe god food, so that god interfere human animal

but human god is

vertical time living = depth $\infty \times$ width $1/\infty$

here is

human god is

righteous soul living energy is ∞

creation of knowledge is ∞

human god is running to the vertical time

human god to be a god

“God Top of Food Chain”

Vertical time running a righteous soul to be god in the righteous soul living in destination place

Truly!

Righteous soul living in destination place a creator

Expect that a righteous soul saves wicked soul to create righteous soul

But also, cosmos law also, expect a righteous soul help wicked soul to be creating of a righteous soul, so then

Righteous soul living in destination place a creator

Help creation of knowledge to save wicked soul to righteous soul, so that at first urgency is deter a war

So that

Vertical time of righteous soul create helping creation of knowledge

"Weapon of electro wave energy keeps a righteous soul"

Much more than

Vertical time running = $\text{depth} \times \text{width}^{1/\infty}$

Creation of knowledge is ∞

Then

Fit to now living of horizontal time region wicked soul to create righteous soul, then,

In the vertical time running region need to create philosophical creation of knowledge in the horizontal time running wicked soul to be changed into vertical time running of righteous soul living.

This is urgent to the vertical time running to the helping horizontal

time region livings understand creation of philosophical knowledge is required

Truly vertical time running a righteous soul creating knowledge is

Based on righteous soul living behavior

“it shares time with other, help other, and doing real love other”

So that

In the horizontal time region also to be known to

How to live to be righteous soul living in destination place is this

“it shares time with other, help other, and doing real love other”

So that here is a righteous soul living is urgent

Only a righteous soul saves horizontal time wicked soul to be creating a righteous soul.

Human god is from a righteous soul help a horizontal time region wicked soul creating to righteous soul, then the created righteous soul is to be god, this is really urgent

In the macro concept world livings must be not human animal but human god, so that a vertical time a righteous soul creates to help how to know vertical time running to be righteous soul living way.

Now is past result but also cause of future

War is past of result

Accumulate past residue cause of revenge and breaking other

So that a president and other decision makers are feeling problems of past residue, so that in the inside a wicked soul order me to do revenge and breaking another region

A president inside is full of unburnt residue of past, so that a president inside is wicked soul of loudly and dirty space

Say again then

A president inside

All occupied by unburnt residue of past

This fragment of unburnt residue of future, wicked soul really excitement with making macro concept world to be making revenge and breaking top of it, that is war

Truly wicked soul

Wicked soul living in destination place is top mission is macro concept world to be all war of breaking

This is wicked soul's purpose, and wicked soul living value

Other wise

Beyond of past to cause of future

This is

At now is cause of future

What is a cause of future is must be hope living?

Much more detail then,

Unburnt residue of past result is despair

Cause of future

Is past unburnt residue being all burnt to

So that, cause of future is

A president inside is

Silence and clean clear

So that, a president feeling is future hope feeling

President

Silence and clean clear is bubble of creature of knowledge

President gets a creation of knowledge

Righteous soul= president= creation of knowledge = cosmos law
keeping = righteous soul living energy = deter of war = peace

Truly

Decision maker is really urgent

A decision maker is inside us unburnt residue of past, so that a decision maker is at the result of past living then,

Truly infer that

A decision maker to be helped from old knowledge

Here is old knowledge in a decision maker inside is

{Old knowledge + unburnt residue of past}

Unburnt residue is carrying revenge and breaking

So that

{old knowledge + (unburnt residue of past + revenge and breaking)}

A decision maker decision on the group; country managing, company managing, then, the decision to be being influence from a wicked soul so that, wicked soul will win all of wicked soul energy revenge and breaking other

This {old knowledge + (unburnt residue of past + revenge and breaking)} decision is huge competition just all of living is war

Win or loss

Win is all gain

But the region of decision maker inside is

Loudly and dirty then, it never ever does not hear of bubble of creation of knowledge

A decision-making solving problem

A decision maker does not solve the problems, so that gradually a company and country is going disappeared

Now is past result but also cause of future

So then,

A decision maker living inside is all unburnt residue of past is all burnt and clean and washed so that

A decision maker inside is

Silence and clean clear

There by

A decision maker gets a bubble of creation of knowledge

Creation of knowledge is

Helping solving running cause of future

Helping living hope feeling living

Hope feeling a decision maker

Runs to the cause of future

Then a decision maker

Helping from creation of knowledge

So that

A company decision maker

There is no competitor only new and creative product

So that, this company managing all problems solving from creative knowledge of decision maker CEO of company

A country decision maker

There is no competitor of country

Only this country living wealthy healthy

This country living is best living country

Because country managing problems all solved and to be solving

From a creative knowledge of decision maker president

Deter a war and strong peace of growing development of country

Now is past result but also cause of future

Now a person living is

Past result is

{Previous life + this life past} = now person living

Now a person is

cause of future is

cause of future of hope living

so then,

a person living is feature is same

but inside is all difference

a person living is in result of past

this is old knowledge custody

a person is cause of future

this is creation of knowledge

this is creation of knowledge freedom

this is old knowledge custody living to be decision of war

this is creation of knowledge freedom is keeping peace

Keep orbit to righteous soul living in destination place

orbit  Righteous soul living in destination place

keep orbit righteous soul living in destination place

righteous soul energy ∞

creation of knowledge ∞

out of orbit to righteous soul living in destination place

righteous soul energy $1/\infty$

creation of knowledge is $1/\infty$

a living on the righteous soul living in destination place

easily run out orbit

then,

a living in the

righteous soul energy does not grow of $1/\infty$

creation of knowledge does not grow of $1/\infty$

but living keep running on the orbit then

righteous soul energy is keep growing to ∞

creation of knowledge is keep growing to ∞

then a living age being old to 80 years old

living keep running on the orbit

righteous soul grows to ∞

creation of knowledge ∞

but a living age being old to 80 years old

out of running on the orbit

still righteous soul energy is $1/\infty$

still creation of knowledge is $1/\infty$

to the end of macro concept world keep on orbit

then,

righteous soul energy ∞

creation of knowledge ∞

a living in the macro concept world is

the living is righteous soul living

so then human god living

in the righteous soul living in destination place living righteous soul
of god

to the end of macro concept world out of on the orbit

righteous soul $1/\infty$

creation of knowledge $1/\infty$

the living is not righteous soul living

so then, human animal

in the righteous soul living in destination place being a food of a god
of righteous soul

here is

a living on the orbit to the righteous soul living is hard living

but out of orbit living is easy living

so that, from orbit to out of orbit is easy, but from out of orbit to orbit
coming is really hard

at once out of orbit is really easy and feeling of fly, but that is to be
god food living

from an out of orbit

a living effort is really hard, in the macro concept world

from a out of orbit to inside to orbit living is really hard but it is really
righteous soul creator really wanting it

so that macro concept world a living keep on the orbit is really
critically important

Out of orbit wicked souls losing where to go

Orbit to the righteous soul living in destination place

It keeps righteous soul living energy ∞

It keeps creation of knowledge ∞

But out of orbit wicked soul losing where to go

Their livings are righteous soul living energy are $1/\infty$

Their livings are creation of knowledge are $1/\infty$

A keep in orbit living in the macro concept world

A living is righteous souls' voyage in the macro concept world keep going, so that a living getting know a righteous soul voyage is 360° , so that a righteous soul must be arrival to the voyage stating point

But

Out of orbit a living in the macro concept world

A living losing how to get to the orbit

So that it is past runs time, so that a living perfect forgotten a living righteous soul living orbit

So that

Righteous soul energy all used up only $1/\infty$

Creation of knowledge all forgotten but also new creation is zero so that only $1/\infty$

“Out of orbit wicked souls losing where to go”

In this space

Righteous soul living energy is $1/\infty$

Creation of knowledge is $1/\infty$

Here is regional growing

A personal growing all stop but only regression

Here out of orbit wicked souls

Why!

Why we are not in the creation of knowledge

Why we are getting old!

They are being ignorance

But here is clear of it

Cosmos law judge is clear and perfect

As runs out of orbit of righteous soul living in destination place

Coincidence

Cosmos law judge that

Here is old region

Here is energy is as that righteous soul living energy is $1/\infty$

This is fixed it never changed

It means that

This region and a living are ignorance righteous soul living energy, that is here is run away a cosmos law, here is no one, keep cosmos law, so that it doesn't have to remained in running out of orbit to the righteous soul living in destination place

Here is also

As the all of livings are out of orbit to the righteous soul living in destination place, so that, it doesn't have to sends creation of knowledge all of losing accepting receiver

So that here is also creation of knowledge is nothing

How to run here is out of orbit regions

As there is no righteous soul living energy so that it required living energy is wicked soul living energy

How to solve problems here is out of orbit regions

As there is no creation of knowledge so that it required living knowledge is old knowledge

This is

Out of orbit to the righteous soul living in destination place

Then

Here of livings are all run go around

But in the keeping orbit of righteous soul living in destination place

Then, the righteous soul runs to the direct on the orbit to the righteous soul living in destination place

Go around of livings are doing not growing but all to be old

Go orbit to the righteous soul living in destination place is keep growing so that here is all young

Old region is old knowledge

Young region is creation of knowledge

This is connected to the war and peace

Old region old knowledge is connecting wicked soul, revenge and breaking of war

Young region creation of knowledge is connecting righteous soul, it shares time with other, help other, but also doing real love other of peace

So that

Old region runs to the world war 3

Young region runs to the overcoming the world war 3 of peace

It sure

World war 3 connecting to the

“Weapon of mass destruction revenge and breaking other”

Truly all old knowledge region understands world war 3 cause of important but truly, cause of war is simple

The real truth is a living runs out of orbit to the righteous soul living in destination place

A losing orbit of righteous soul living in destination place is another saying, get lost the way to the righteous soul living in destination place

So that, a living fear, lonesome, and complained so that

A living in the custody in the past unburnt residue

So that

A living on the run going around

A living choose way is

The world war 3

All macro concept world livings are all the way to the run of Collapse

So then!

A living out of exodos from past origin

He really tries to come back to the orbit of righteous soul living in destination place,

That is the world war 3

But the world war 3

Can't give a living coming back to the orbit to the righteous soul living in destination place

Even a out of orbit a living is in the wicked soul of loudly and dirty

Of the world of war 3

But if a really a righteous soul keeps on the orbit then, a creation of knowledge help defense a out of orbit a living try to exodus world war 3

So that

An orbit in voyage a righteous soul creates

“Weapon of electro wave energy keeps a righteous soul”

It always

Only one of orbit voyage a righteous soul living then, here is macro concept world keep safe from world war 3

We seek urgent a keep on the orbit of voyage to the righteous soul living in destination place

God's farm ranch

Human being does farm ranch for human being eating meat of food

God also does farm ranch for god being eating meat of food

So then,

Human being feed livestock of domestic animals

God being feed god livestock of domestic human animal

Human being care livestock of domestic animals to live health

God being care god livestock of domestic human animal

In the farm ranch livestock of animals living

In the god farm ranch livestock of human animal living

So then!

Livestock of animals are needed to be care by owners

Human animal owner is god

So that human animal to be cared from god

Human sell livestock of domestic animal in the time of best time for human being food of meat

It is sure of livestock of domestic animal living reach at the end

The same as

God sell human animal livestock of domestic animal in the time of best time for another god's being food of meat

It is sure of human animal livestock of domestic animal living at the end

Who knows after reach at the end of time in the macro concept world?

Here is macro concept world livestock to be eaten by human

But do not know macro concept world human animal livestock to eaten by god, because macro concept world living who do not know after macro concept world living

But all is inferring of imagine

In the macro concept world livestock animal characteristics

Farmer feed breakfast lunch dinner

Farmer build livestock living house

Farmer care all of livestock which are sick or not

If sick then care livestock

While a farmer feeding livestock really loving care

A farmer all effort to care and doing real love livestock of domestic animal

So that,

Livestock of domestic animal living is care and helped form a farmer

This is livestock for human being food of meat

If infer of imagine

If really god eat food, then, it naturally food chain, so that

God eat human animal

So that

God to human animal also

God is farmer

Human animal is livestock of domestic animal

Therefore

God care human animal to the end of macro concept world

Human animal is god's food of meat

Human animal = livestock of domestic animal is same

God help human animal for another god's food of meat

Farmer help livestock for another human being food of meat

Thereby

Human animal living is easy

Eating, sleeping, and god helping living problems

Livestock of domestic animal living is easy

Eating, sleeping and a farmer helping living problems

Human animal = livestock of domestic animal is same

Eating, sleeping and all problems solve by other farmer and god

Animal characteristic is do not solve living problems by animal itself

So that

All of living problems to be solved from other,

This is all to be called as livestock of animal and human animal

Truly who to be god

It never ever livestock will not to be a god

But god to be from a human being to be god

Truly

Physical face of human being is same

Human animal face

Human now growing human god fac

Here is really difference

Human animal does not know it's living problems solving

All problems solving is helped from god, because god will eat human animal

But human god is known all of problems solving

Human god is righteous soul

Righteous soul living is silence and clean clear

So that, righteous soul feels and hear of broadcasting from righteous soul living in destination place a creator

That is bubble of creation of knowledge so that

A human god living is solving by a human god

So that

Human god living in the macro concept world

Living god of righteous soul

Even living god of righteous soul do not now god

Because macro concept world living is not end

But

Truly human animal living does not know how to problems solving

But still keep product problems but they do not know their problems solving

Truly against human animal

A human god solve problems, even other human animal problems also, so that

Human god do live as god behavior, it is same as righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

This is human god living, simple

But human god living is truly really hard living

Poor & righteous soul living

Really hard living in the macro concept world

Human god living is poor and righteous soul of hard living
Human god living solve of all problems
So that, human god living is just like a farmer of owner farm ranch
All the day do work

But human animal
It doesn't have to work for eating and sleeping and problems solving
Human animal living perfect do not know human god living
“it shares time with other, help other, but also doing real love other”

But human animal living is
Only human animal living easy living, using wicked soul energy
Revenge and breaking other
So that, in the human animal living god's ranch
A strong wicked soul of human animal governed as wicked soul living
community
To governing it is required for revenge and breaking other
That is
“Weapon of mass destruction revenge and breaking other”
Human animals are ignorance only animal for easy living, so that

Human animals are all wicked souls

Whose living community standard is still horizontal time living of

Horizontal time = width $\infty \times$ depth $1/\infty$

Human animals are trying to get wide land so that here is need to revenge and breaking other it is to be the world war 3

So that all of human animals are all prepare to revenge and breaking other, that is

"Weapon of mass destruction revenge and breaking other"

If all of livings are human animal living in the macro concept world, there is no problems solving, then, human animals will be start war using

"Weapon of mass destruction revenge and breaking other"

It will be that is a war of world war 3

Yin and Yang harmony broken connect to war

Yin and yang harmony is beginning yin and yang living

Before meet living

Yin (-) = yang (+)

So then, yin (-) can live 100%

Yang (+) can live 100%

In this world, yin (-) can live, Yang (+) can live

But yin and yang meet and live

The living beginning is yin and yang harmony

What is yin and yang harmony

What was saying

Before meeting yin (-) and yang (+)

Yin (-) = Yang (+)

This right in the world all of yin and yang is equal

But yin (-), yang (+) meet is yin and yang harmony

What is yin and yang harmony?

Here is metrics

Yin (-) host

Yin (-) guest

Yang (+) host

Yang (+) guest

Cosmos law of judge

Cosmos law is only relative with host living of righteous soul living or not

If host living is righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

Then, cosmos law will give

A righteous soul living energy

So then,

Yin (-) and yang (+) harmony is strong relative with

Cosmos law judge

Infer of yin and yang harmony is

Host livings are righteous soul then, the harmony is strong

But if

Do not living host living but only living guest living

Truly, guest living is easy living

Is not relative with

“it shares time with other, help other, but also doing real love other”

But only living guest living only do not living host living

In the end,

As the host living nothing but guest living all then,

This is beginning of

Yin and yang harmony broken

Here is how to connect between yin and yang harmony broken with war

Yin and yang harmony broken is

Host yin (-)

Host yang (+)

Is nothing but

Guest yin (-) is strong

Guest yang (+) is strong

Then!

Here is cosmos law judge result is it never ever do not give

Righteous soul living energy

So that,

By coincidence

As righteous soul living energy is nothing but wicked soul living energy is strong

Wicked soul living energy = revenge and breaking

So that, wicked soul living in destination place all of energy

Revenge and breaking then this are called as war

Yin and yang harmony

Righteous soul living in destination place

Creating a righteous soul yin is for

Righteous soul yin shares time with yang, help yang and doing real love yang

Righteous soul living in destination place

Creating a righteous soul yang is for

Righteous soul yang shares time with yin, help yin and doing real love yin

Through this living in the voyage of 360°

Here is voyage of 360°

“micro concept world 180° + macro concept world 180° = voyage of 360° ”

Righteous soul living in destination place

A creator designed for righteous soul yin, righteous soul yang is

360° voyage living yin and yang harmony

And both yin and yang to be righteous soul and safe returning to the

righteous soul living in destination place,

So that
truly infer that

In the righteous soul living in destination place

Automatically living voyage 360°

Yin and yang harmony

But truly

In the 360° voyage huge numbers of variances are

Wicked souls, mind livings, and revenge and breaking, but also
getting much more than other,

Truly really strong variances are body

Body is only in the macro concept world

Body is seen

Soul is not seen

Truly in the macro concept world 180° voyage is major by

Body with stream

But micro concept world stream is soul, that is also righteous soul

So that

In the voyage of macro concept world is

Body major, righteous soul minor but truly it is

But in the voyage of micro concept world is

Righteous soul is major, body is not in here

Here is

Righteous soul voyage is 360°

Micro concept world major of righteous soul

Macro concept world minor of righteous soul

So that a righteous soul voyage is 360°

But body voyage is 180°

Micro concept world there is no body

Macro concept world there is body 180°

Very simplification!

Righteous soul living voyage is 360°

Body living voyage is 180°

So that here is

Yin and yang harmony with righteous soul voyage 360°

Yin and yang harmony broken with body voyage of 180°

Based on

Yin and yang harmony is 360° voyage

Yin and yang harmony broken is 180° voyage

So that

Righteous soul 360° voyage creation of knowledge

Body living 180° voyage old knowledge

360° voyage purpose is safe returning to the voyage starting point of a righteous soul

180° voyage purpose is easy living, using revenge and breaking other

Yin and yang harmony = 360° voyage

Yin and yang harmony broken = 180° voyage

A righteous soul 360° voyage is living on the law of a righteous soul living in destination place, with from righteous soul living in destination place creation of knowledge

Body living of 180° voyage is living on the law of wicked soul living in destination place, with old knowledge

180° body living old knowledge how to know 360° righteous soul living voyage?

So that

180° body voyage old knowledge

Is relative with

Yin and yang harmony broken

But

360° voyage creation of knowledge

Is relative with

Yin and yang harmony

In the righteous soul living in destination place

Create righteous soul yin (-)

Create righteous soul yang (+) harmonious

So that all of 360° voyage righteous soul meet

Yin and yang harmony

This is really natural

But body living of 180° voyage old knowledge

Only easy living

Body livings are trying to living in easy living

So that

Body livings are reluctance hard living of macro concept world

So that, macro concept world body 180° voyage of old knowledge is governing so that,

Macro concept world body living of 180° criteria of living

Righteous soul living of 360° criteria of living

Are difference

So that

body 180° living criteria is wrong compared with
righteous soul 360° living criteria

so that body living criteria is wrong from point of view cosmos law
righteous soul criteria are right from point of view cosmos law

wrong criteria are
yin and yang harmony broken

right criteria are
yin and yang harmony

so that

body living 180° living criteria is not same as cosmos law
not in righteous soul living energy but wicked soul living energy to
be war

righteous soul 360° living criteria is same as cosmos law
is righteous soul living energy so that righteous soul to be living peace

here is righteous soul yin and yang harmony explaining

yin (-) = yang (+) before meet yin and yang harmony

after meeting yin (-) and yang (+) is

yin (-) – yang (+) = 0

this is yin and yang harmony equation

this is meet yin and yang

yin (-) – yang (+) = 0 is meeting,

then,

yin (-) – yang (+)

how to be 0

here is

yin (-) = 0

yang (+) = 0

this is automatically 0

but if yang (+) is variance then

yin (-) is also variance so that

yin (-) – yang (+) = 0

yin (-) try to be same as yang (+) is really critically important for the yin and yang harmony

here is

yin = yang before meeting

automatically

this side of yin is host

yin (-) host = yang (+) host

truly in the oriental philosophy

yin (-) and yang (+) harmony is

inside is yin (-), outside is yang (+)

yin (-) host; inside = yang (+) host; outside

this formular to be changed

yin and yang meeting

then

yin (-) host; inside – yang (+) guest; inside = 0

here is yang changed out to inside, so that changed host to guest

so then!

Yang (+) guest; inside = variance

Yin (-) host; inside = variance

Here is keep a cosmos law

Then, righteous soul voyage 360° then

Host to be judged from cosmos law

So then,

Here is host is yin (-) host; inside

This is governed from cosmos law

So that,

If yin (-) host; inside is righteous soul

Then, automatically

Yin (-) host; inside a righteous soul

Yin (-) host; inside shares time with Yang (+) guest; inside

Yin (-) host; inside helps Yang (+) guest; inside

Yin (-) host; inside doing real love Yang (+) guest; inside

Then!

What expected from?

At first

Yin (-) host; inside judged from cosmos law

Righteous soul living energy getting

Yang (+) guest; inside

To be shares time with yin, to be helped from yin, and to be real loved from yin

Yang (+) guest; inside = feeling in excitement and pleasure, getting best feeling energy

Then

yin – yang =0

Here is – yang is “Yang (+) guest; inside = feeling in excitement and pleasure, getting best feeling energy”

Then

A yang comeback to yang (+) host; outside

Then

Yin = yang

Yin righteous soul so that righteous soul living behavior

Cosmos law giving righteous soul living energy

So that

Yin; “Cosmos law giving righteous soul living energy” =

Yang; “Yang (+) guest; inside = feeling in excitement and pleasure, getting best feeling energy”

Then

This is yin and yang harmony host are righteous soul

So that

Yin and yang harmony =

“Yin; “Cosmos law giving righteous soul living energy” =

Yang; ““Yang (+) guest; inside = feeling in excitement and pleasure, getting best feeling energy””

This is strong righteous soul, but also

Yin and yang harmony

That is possible righteous soul 360° voyage completion

If not!

If yin and yang harmony broken

Then,

Yin= yang

Yin (-) not host but guest in inside = yang (+) not host but guest in outside

Yin (-) not host but guest in inside – yang (+) guest in inside $\neq 0$

This is yin and yang harmony broken

Here is yin and yang all guest

So that, cosmos law does not judge because here is not righteous soul,
do not judge is guest also, so that, here is cosmos law do not give
righteous soul living energy

“Yin (-) not host but guest in inside – yang (+) guest in inside $\neq 0$ ”

In this equation yin is not host, yang is guest

What is changed

Yin (-) not host but guest in inside

So then,

Yin (-) not host but guest in inside = cosmos law does not give
righteous soul living energy

So that

Yin (-) not host but guest is not a righteous soul, so that

Yin (-) not host but guest cannot do righteous soul living behavior

Righteous soul living behavior is “it shares time with other, help other,
but also doing real love other”

So that

Yin and yang harmony broken is

"Yin (-) not host but guest in inside – yang (+) guest in inside $\neq 0$ "

As Yin (-) not host but guest in inside can't share time with yang (+) guest in inside

Can't help yang (+) guest in inside

Do not real love yang (+) guest in inside

So that

If yang (+) guest in inside returning to the outside, then the same as

There is no outside yang (+) host in outside

Yin guest=yang guest

Here is there is no cosmos law giving a righteous soul living energy

Then,

Here is

Yin guest + wicked soul living energy = yang guest + wicked soul living energy

Another explained

As yin is not host but guest, so that a guest of yang, no one do

Shares time with yang, help yang, and do not real love yang

So, this is guest of yang to be there is no excitement and pleasure

In the end, the guest of yang returning to the yang host place very weak yang, so that it very changed into wicked soul guest yang

This means that

There is no yin and yang harmony

So that

Outside there is no host, so that no one defense inside

Here is very weak outside yang, this is changed into wicked soul yang

Then,

Yin and yang harmony broken space is must be all

Invaders so that

Yin and yang harmony broken region is in the war

If now war then, infer of world war III

Creation of knowledge runs future

Creation of knowledge from righteous soul living in destination place

If this is true

Then

Creation of knowledge runs future

Righteous soul

Is closed relationship with peace

But

Old knowledge from wicked soul living in destination place

If this is true

Then

Old knowledge regression of past

Wicked soul

Is closed relationship with war

Creation of knowledge to peace

Old knowledge to war

Creation of knowledge

Silence and clean clear of bubble of creation of knowledge

Old knowledge

Loudly and dirty

It must be feeling world

But, how to live is decided

If living is $\text{mind} = 1/\infty$

There is no residue of past unburnt in the feeling world

Micro concept world

So that

The feeling is silence and clean clear

Silence and clean clear feeling a bubble of creation of knowledge

If living is $\text{mind} = \infty$

There is huge residue of past unburnt in the feeling world

Micro concept world

So that

The feeling is loudly and dirty

Loudly and dirty feeling residue of unburnt past, so that

As the unburnt residue, past to me all of wicked soul behavior,
revenge and breaking me, of cause of now living me wicked soul, so
that impossible forgive past unburnt residue

Truly all of past unburnt residue is old knowledge

There is no unburnt residue is silence and clean clear of creation of
knowledge

There is unburnt residue is loudly and dirty of old knowledge

Creation of knowledge is runs to the future

Old knowledge is regression of past

Creation of knowledge is running to the righteous soul living in
destination place of 360° righteous soul voyage

Here is silence and clean clear bubble of creation of knowledge

Helping forgive and doing real love

Old knowledge is regression of wicked soul living in destination place
180° wicked soul is imprisoned at past unburnt residue

Here is loudly and dirty of old knowledge

Remind past unburnt residue of revenge and breaking other

Helping forgive and doing real love

Best time best region of righteous soul livings

But

Remind past unburnt residue of revenge and breaking other

Worst time, worst region of wicked soul livings

Creation of running to the future running is direct line

Old knowledge of imprisoned at past unburnt residue is go around

Imprisoned at past unburnt residue living is running go around

Silence and clean clear of living are running to the future

Imprisoned at past unburnt residue is keeping problems out of
imprisoned but it goes to deep problems in the end reach at war

War is all of wicked souls are to be disappeared

Still do not forgive and revenge and breaking

Future of righteous soul + creation of knowledge= running to the
righteous soul living in destination place = peace

= forgive and doing real love

Sure, of in here is

Creation of knowledge runs to the righteous soul living in destination
place, so that righteous souls are running real,

The clue is real running to the righteous soul living in destination
place, then

Here is can do living

“it shares time with other, help other, but also doing real love other”

Here is peace of growing for righteous soul living

But old knowledge runs at Imprisoned at past unburnt residue, in the
past imprisoned time then wicked souls are runs go around

The clue is not real running but in the past imprisoned time then
wicked souls are runs go around, then

Here is can't do living

“it shares time with other, help other, and doing real love other”

All of imprisoned livings are all anger each other, revenge and
breaking also, so that here is occurring war for wicked soul livings

Wicked soul livings in the prison of past unburnt residue

Here wicked souls are still living past unburnt residue

If help a righteous soul living in destination place

Creation of knowledge past is only doing is forgive

Forgiver is only righteous soul

It never can do forgive as wicked soul

It is busy runs to the righteous soul living in destination place

Even busy but all forgotten righteous soul living

If living at unburnt past, then it doesn't have to busy runs to the
righteous soul living in destination place

This is arrogance because

Now livings are not dead, so that do not know after dead

Only will know

After dead a righteous soul will be bright and excitement and pleasure

But a wicked soul after dead will be dirty and all pitch darkness,
wicked soul living in destination place

Who knows?

Now living is how critically important

If now living all useless living, easy living, winning living,

Much more important living is righteous soul living,

Righteous soul living is real running living

Righteous soul living is with cosmos law

But!

Still here is

Do not know after death

I'm still saying righteous soul, will I be living of righteous soul?

Yin and yang harmony broken to war

Before world?

Righteous soul living world?

In the righteous soul living world righteous soul me created

A created righteous soul me dreamed

Righteous soul me is yin

So that I really dreamed to real love yang

This is as righteous soul yin living in excitement at now living in here

If I know this infer of truth

Then,

Why I'm living here?

Answer to question is living with my ordained pair with excitement

Before world?

Righteous soul living in destination place livings are all

Righteous soul living energy ∞

Creation of knowledge is ∞

But right after creating righteous soul me is

Righteous soul living energy is $1/\infty$

Creation of knowledge is $1/\infty$

So that

Righteous soul me 360° voyage

Micro concept world to macro concept world and safe returning to the
righteous soul living in destination place

At now living in the macro concept world?

“Why I’m living in here?”

It must be living in excitement with my ordained my pair

Righteous soul me growing to

Righteous soul living energy ∞

Creation of knowledge ∞

With doing am I on the way to the righteous soul living in destination
place on orbit of righteous soul living in destination place?

Here is very fear of it is

Will I be out of orbit to the righteous soul living in destination place?

This is real fear

Because of losing the turning back to the righteous soul living way is blocking lost the way,

This is really fear

How to get back to the orbit of righteous soul living in destination place?

But if I be in the orbit of righteous soul living in destination place?

Then, it must be I have to living in righteous soul living

“It must be living in excitement with my ordained my pair

Righteous soul me growing to

Righteous soul living energy ∞

Creation of knowledge ∞”

If I living righteous soul living then?

Now living feeling is

“silence and clean clear of bubble of creation of knowledge”

As with it

My living is

“it shares time with other, even my pair, and help other, with my pair
but also doing real love my pair and other”

For this now my living time and space is possible

Living with cosmos law which is judge me living righteous soul or
not!

This is peace living!

So that

Righteous soul me living try to keep in peace living

How to I do help keeping peace living in my time and space

That is keep in yin and yang harmony living!

Yin=yang

Host yin in the inside

Host yang in the outside

Then, here is yin is living first safe and peace living is

Mut be keep strong defense from other wicked soul offence

So then here is very simple

Yang power of energy is must be strong to defend from out wicked soul invaders

Then!

Here is yin and yang harmony are unit

In the war game nationality is all

Yin and yang harmony $\times$ nationality popularity = nation yin and yang harmony then, all of yin and yang harmony strong powers.

Whose country invader our nation?

It is impossible

But if yin and yang harmony is broken then

Yin=yang

Yin host inside – yang guest in inside=0

Here is yin and yang harmony equation

To be yin-yang =0

Then it must be

Yin =0

Yang =0

Then this equation is clear

Yin=0= righteous soul yin

Yang=0= righteous soul yang

Righteous soul is

Silence and clean clear= cosmos law keeping

So then, cosmos law is 0

Yin and yang harmony keeping

But!

Yin- yang $\neq 0$

Then,

Here is

Yin and yang absolute number is not same

So then, yin and yang harmony broken

So then!

This is explained as like this

Yin = yang

Yin – yang = 0

Yin is host

Yang is guest

If host yin all giving to the guest yang then

Yin-yang = 0

But if

Yin-yang $\neq$ 0

Here is host of yin do not give all to the guest of yang

So that,

Guest of yang living is not excitement with yin

Guest of yang turning back to the outside of host yang

Then, this yang being decreased yang power of energy

So that!

Here is infer of it is

Weak outside yang is cannot depend inside host yin

So that

Yin and yang harmony broken is

Host yin- guest yang $\neq 0$

This is

Host yin reject to

“host yin does not share with guest yang, host yin does not help guest yang, but also host yin do not doing real love guest yang”

This is host yin is not righteous soul but wicked soul, so that

Yin and yang harmony $\neq 0$

Yin and yang harmony broken $\times$ nationality popularity= nation yin and yang harmony broken then, all of yin and yang harmony broken weak powers.

As result of it

Yin and yang harmony broken

Yin do not give all to the yang so that, yang is not strong, therefore

Weak yang defense outside is hard, difficult so that

Out of yang invader to the weak power of yang region

That is war

Yin - yang = 0 of yin and yang harmony time is righteous soul livings are strong so that,

Righteous soul yin with yang to be living in excitement

But also, righteous soul 360° voyage completion possible is huge high

Strangely

Yin-yang $\neq 0$ of yin and yang harmony broken time is righteous soul livings are disappeared, so that

Righteous soul yin with yang living is do not excitement but all lonesome and it never interesting living

But also, righteous soul 360° voyage completion is low

Because of all of wicked soul livings are only body with voyage 180°

In this time really hard to the righteous souls

As the result

Wicked soul host in inside – guest of yang inside $\neq 0$

In this yin and yang harmony broken equation

Wicked soul host in inside

Try to living in easy living with revenge and breaking energy

So that

Automatically do not know of righteous soul living behavior

“yin shares time with yang, help yang but also doing real love yang”

Here is

Wicked soul host in inside – guest of yang inside $\neq 0$

Wicked soul host inside do not give guest of yang inside so that the result is not 0

It means that, guest of yang anything helped from wicked soul host of yin, so then losing guest of yang living getting energy, this is

Unit of yin and yang harmony broken result

So then,

Unit of yin and yang harmony broken $\times$ nationality numbers = a country is weak yang power = weak country to be war with invaders

country.

This is war

This is war seed

War is huge power is not but war is very small war seed is yin and yang harmony broken

Here is answer

At now my living is in yin and yang harmony?

If my living is yin and yang harmony then I can go on voyage orbit to the righteous soul living in destination place

But

At now my living is yin and yang harmony broken?

Then, it is sure impossible my voyage to righteous soul living in destination place cause of war

All of livings are on the way to the righteous soul living in destination place all died cause of war

A time, A place, A righteous soul leader disappeared then war

A person inside is occupied by loudly and dirty then

In the place are all unburnt old knowledge residue, so that closed
tunnel creation of knowledge

So that, here is old knowledge advertisement cheap knowledge

Why creation of knowledge tunnel closed?

In the place are all loudly and dirty, so that silence and clean clear of
creation of knowledge tunnel all closed

A person inside all occupied as unburnt residue and advertisement of
knowledge and only mind level how to get much more than other, this
residue all occupied in inside

So that

In here is truly infer

a waste disposal site in inside

so that the rancidity smell is all

here is how to living a righteous soul

truly righteous soul living with silence and clean clear

but here is living with wicked soul with loudly and dirty

loudly and dirty

revenge and breaking

wicked soul living in destination place support war of mass breaking

so that

strange wicked soul living place truly hard living but

weapon of mass destruction is product; wicked souls are revenge and breaking

wicked souls do not know

righteous soul living

it shares time with other, help other, but also doing real love other

of excitement living

if wicked soul knows righteous soul living behavior, they also try to live excitement

but sorry, wicked souls do not know it, only all focus for revenge and breaking other

wicked soul livings

yin and yang harmony breaking

they do not know, cosmos law ordained pair doing real love also

look down,

righteous soul living is

doing real love ordained pair with excitement but in the breaking yin
and yang harmony

then,

wicked soul does not know how to live

cosmos law is very simple

living with righteous soul living in destination place ordained pair
living doing real love with excitement

this is how to live to answer but

in the wicked soul living in destination place do not know this simple
cosmos law keeping living

wicked soul livings are all loudly and dirty in inside

so that,

loudly and dirty inside livings $\times$ a state population = a country is
wicked soul or not to be clear

here is strangely

mass destruction weapon is huge,

it is really dangerous but they built and all territory mass destruction
weapon

then!

Wicked souls are using revenge and breaking energy from a wicked soul living in destination place

Cosmos law clear declare

Against to the cosmos law, in here there is no righteous soul living energy, but wicked soul living energy

Here is really important is

Wicked soul living a person inside is

Cheapy old knowledge because closing creation of knowledge so that

A wicked soul does not know running to the righteous soul living in destination place of “it shares time with other, help other, but also doing real love other” of excitement but only,

Old knowledge

Revenge and breaking based on unburnt residue of cheapy knowledge

This is keeping push based on mass destruction weapon only

So that, always wicked souls’ revenge and breaking of war is near

If a region just only one of righteous soul, then in the place it never ever does not start to war, because only one of righteous soul living is a righteous soul do live “it shares time with other, help other but also doing real love other”

It based on a righteous soul

Helping from creation of knowledge create anti mass destruction weapon

Until strange is

Why wicked souls some of living wealthy then

Start to build mass destruction weapon

A person living dreamed to live “happy”, but a person getting much more than other, a person rich, so then to be feel happy, but it is not in happy because

Happy in not in the rich but in the rich with wicked souls whose are all try to revenge and breaking, so that a rich living space fence defense other of revenge and breaker

Truly happy feeling with righteous soul

A mind living getting much more than other, then, righteous soul is all shares with other, help other, but also doing real love other, then

That is righteous soul living

But wicked souls, wicked soul power is strangely

Built for war

If wicked soul power increasing then toward to the war

If righteous soul power increasing then toward the peace

War to wicked soul

Peace to righteous soul

If my living is wicked soul then my living help to be war

If my living is righteous soul then my living help to be peace

To be war possible = wicked soul $\times$ number of wicked souls= to be war

But to be peace possible = righteous soul $\times$ number of righteous souls= to be peace

Much more micro concept world creation of knowledge

If my living is righteous soul then sure of my living in peace

If my living is wicked soul then sure of my living in war

So, called

Righteous soul will voyage to the righteous soul living in destination

place, then

A righteous soul to be keep cosmos law

Then, it must be inferring of out of war

This is really minimum condition

So that for my righteous soul voyage to the righteous soul living in destination place

A righteous soul does as ordain at the righteous soul living in destination place

A righteous soul creator designed for all righteous soul to be that a righteous soul leader is ordained who is brilliant and best player all of living, a righteous soul living in the macro concept world, best condition to be living righteous soul living leader,

If a keep following righteous soul living in destination ordained mission keep peace righteous soul livings to be safe returning to the righteous soul living in destination place

If a righteous soul living leader keep a follow of righteous soul leader, then, the time and space all living in peace

But a righteous soul living leaders are do not follow ordained mission of righteous soul leader, then sure of war

So then

A living righteous soul leader living for it or not is

War or peace

A time

A place

A righteous soul leader then peace

A time

A place

A righteous soul leader disappeared then war

Yin and yang harmony as guest increasing near to war

Yin and yang harmony

Host yin in inside and host yang in outside

This is peace

Yin and yang harmony

Yin living in the inside as host

Yang living in the outside as host

Guest yang in inside and guest yin in outside

This is war

Yang living in the inside as guest

Yin living in outside as guest

Truly infer that

Righteous soul living in destination place creator planned

Righteous soul yin living inside host

Righteous soul yang living in outside host

If living in the macro concept world

Keep a law of righteous soul living in destination place

Then,

Yin and yang harmony

Yin and yang harmony keep living peace

This living is righteous soul living at macro concept world

So that

Peace and righteous soul living are urgent

Yin and yang harmony is unit of righteous soul livings

Yin and yang harmony unit

Creating as

At first righteous soul living energy increasing getting

Second creation of knowledge increasing getting

So then

Cosmos law keeping is also urgent

Cosmos law is

Cosmos law all focus for host livings only

Cosmos law do not focus guest living

Because

Guest living is not righteous soul living in destination place planning

So that!

Guest living is useless living for righteous soul living

Cosmos law will give righteous soul living energy for

Host living keep a cosmos law

Host living is

Yin at inside is host living

Yang at outside is host living

Host living connect to cosmos law

Guest living do not connect to cosmos law

Host living is

Silence and clean and clear of getting bubble of creation of knowledge

It shares time with guest, help guest and doing real love guest

Guest living is

Loudly and dirty of getting old knowledge

It does not share time with host, do not help host, do not doing real love host

Host living is righteous soul living

Guest living is wicked soul living

So that why cosmos law gives a host living a righteous soul living energy?

The answer is

Host to guest, then host is hard guest is easy, hard host

Host shares time with guest, help guest, and doing real love guest

So that, cosmos law knows that how hard host living, but also

Host keep a cosmos law

Cosmos law is trying to cosmos to be silence and clean clear

As that host create loudly and dirty wicked soul to creating silence and clean clear of righteous soul, then, it really cosmos law like it

So that

Cosmos law only evaluation on the host living

Host living is preparing and doing help and doing real love

Guest is do not preparing and doing hot help and doing not real love

But only to be helped and to be doing real loved

So that guest is not to be evaluation from cosmos law

“Yang living in the inside as guest

Yin living in outside as guest”

This means that

Yang do not strong host in the outside

Yin do not strong host in the inside

This concept of yin and yang harmony is strong connect

Yin to yang

If yin is righteous soul to yang then it must be yang to be righteous soul

But if yang is wicked soul to yin then it must be yin to be wicked soul

Why

"Yang living in the inside as guest

Yin living in outside as guest"

This guest living to connect to war is

Why guest living is happened?

Host of yin in the inside do not shares time with guest yang, and do not help guest yang and do not real love guest yang,

It means that, inside host is not do host role play so that, here is only

Guest of yang

Vice versa guest of yin also,

Truly infer that

Host living is really hard but guest living is really easy so that

In the

Host position to guest position treating time, get a loss

This is really easily happened

Host do not treat guest, truly

Host place is host all know and truly guest do not know because guest is from host place to guest to be living, shares time with host, and to be helped from host, but also to be real loved from host, this is really righteous soul living in destination place pregaming

Host position see only guest feature only

But guest before host

After host is guest

But now, in this same time host role player

Anger because guest living is easy living only

This is possible scene

This is right to the host

But righteous soul living in destination place creature of knowledge and cosmos law is not

Because

Yin and yang harmony is

Yin to yang is to closed connect

Yin is righteous soul yang will be righteous soul

Yang is righteous soul yin also righteous soul

Yin and yang harmony

But yin and yang do not harmony then, it sure of

Yang is wicked soul, yin also wicked soul

Yin is wicked soul, yang is wicked soul

Here is

Yin is wicked soul to yang is wicked soul

Is critically here

“Yin and yang harmony as guest increasing near to war”

Host in inside yin is not in host, then guest is automatically wicked soul, it means that

As the there is no host to the guest then, a guest living is really there is no interesting means that keep weak yang in the end yang is huge weak power then here is yang of outside is broken, then automatically

Inside also weak power so that, yin and yang harmony is end

Yin of single because yang is disappeared from wicked soul yin
Yang is single because yin is disappeared from wicked soul yang

Here is disappeared is one is divorce and the other is death
So that,

"Yang living in the inside as guest
Yin living in outside as guest"
This living is end is

"yang living of lonesome
Yin living of lonesome" living

These lonesome of livings get a sickness
These lonesome of livings are choose wrong leader
A wrong leader will lead group to the wrong direction
Not a peace but war

Because of all of lonesome livings are feel sick so that revenge and
breaking decision, a leader of decision is war not peace

Wicked soul region produces sick problem words

Wicked soul region main keyword

Dismissal

unemployment rate

bankruptcy

demonstration

unemployment benefits

debt

suitcase etc.

wicked soul region leader selects also a candidate is wicked soul, because the region is wicked soul region

wicked soul candidate

wicked soul a voter

wicked soul leader selecting criteria is not “it shares time with other, help other, but also doing real love other” but “revenge and breaking other”, so all of wicked soul voter choose strong much more powerful revenge and breaking other, that is invader other region, so called it is a war

why wicked soul region produces economical social sick words?

Wicked soul region does not in creation of knowledge but all old knowledge, so that old knowledge does not cure sick problems, so that as the old and regression wicked soul region choose, before case story only

This is still old structure all of field in the wicked souls

So that

In this place it never ever supplies to the normal persons living

Normal persons are getting harder and debt increasing

Here wicked soul region

Abnormal persons are living easy

Wicked soul living

Revenge and breaking possible persons world

Leader of region is strong wicked soul

So that

Normal criteria are wicked soul person

This is changed gradually

Slowly and gradually changed into wicked soul rule, wicked soul criteria, that is a person living running is out of orbit to the righteous soul living in destination place

So that a person lost where to go, how to live, because a person living in the wicked soul living

In the region of wicked soul

All are old

Production factory is old

A people are old knowledge support wicked souls old

Political power group is wicked soul persons of old

They do not know governing

Their work is old knowledge case study, so that do not go vertical depth but horizontal of wide old knowledge, so that how to do is, money paper product larger, but still, that is wicked soul living problem increasing

Government bond to be sold to the nation, high interest rate so that all of nation get a credit to the state, government keep it, not anymore to do

Wicked soul living region gradually runs to the perfect wicked soul region the region to be

Unburnt residue old knowledge so that, wicked soul inside all occupied by unburnt residue so that, keep anger and revenge and breaking,

That is wicked soul living in destination place dreaming, purpose

Wicked soul living in destination place

Righteous soul living in destination place

Wicked soul living in destination place try to do war

Righteous soul living in destination place try to do peace

All occupied in the wicked soul region is ultimate purpose is to be war, as war so that wicked soul's revenge and breaking huge number of persons to be died by wicked soul war

As "Wicked soul region produces sick problem words"

Wicked soul region

Sick worlds

How to cure

Wicked soul living region is old is power, so that old power does not permit young power appeared and growing, so that old power of wicked souls is getting all market

Old power treat market consumer as their slaver, old power supply to the slaver of consumers who are only select to use wicked soul old

power.

Old power gets all of government asset to save danger of bankruptcy
a big old power, so that in the wicked soul region all energy dead old
power getting energy

Old power group

Old person of wicked soul leader

Connect

Old power wicked soul leader to old power group

They are all depend on old knowledge unburnt residue

They easy if anger feeling does anger other

Strangely

Wicked soul region old knowledge livings are all focus for

Horizontal time living

Horizontal time living is

Depth $1/\infty \times \text{width } \infty =$ horizontal time living

This equation to be explained simply

Depth $1/\infty$ = do not any creation of knowledge but old knowledge

Width ∞ = wicked souls all they are still try to get wide wicked soul region is small, territory expansion is wicked soul livings strong characteristics

Depth $1/\infty \times \text{width } \infty$ = constant

Depth $\infty \times \text{width } 1/\infty$ = constant

Wicked ∞ = wicked soul getting territory wide

Depth ∞ = righteous soul creation of knowledge goes deeper

Wicked soul region is

Depth $1/\infty \times \text{width } \infty$ = constant

To be wider of territory is another region to be harder

Because another region territory pinch

Other region living normal but wicked soul abnormal

Horizontal time running region

Try to get wide territory this is getting war

This is producing “Wicked soul region produces sick problem words”

Yin and yang harmony broken to war

Yin=yang

Before meet yin and yang is same, even meet also has a role

Host role

Guest role

Yin-yang =0

Yang-yin =0

This is then,

Yin is host

Yang is host

-yang is guest in the yin host place

-yin is guest in the yang host place

Here is infer that

Host is “host shares time with guest, help guest and doing real love guesting”

It means that

Guest is to be shares from host, and to be helped from host and to be real loved from host

In then

Host to be seen cosmos law, so that cosmos law evaluates host role playing, if doing well host role playing then, cosmos law will give righteous soul living energy

But if host do not do role play then, cosmos law does not well evaluate so that, cosmos law will give not righteous soul living energy, but instead of it, that is wicked soul living in energy

Host living is righteous soul living is righteous soul living energy

But if not host living get wicked soul living energy, because all of moment living is need energy to behavior

Host living behavior create righteous soul living energy

Host living behavior produce wicked soul living energy

So then!

Here is infer of solving equation

Yin-yang=0

Yang-yin=0

In this equation

Host yin is creating righteous soul living energy

Host yang is creating righteous soul living energy

In the yin host place yin is righteous soul living behavior

Yin shares time with yang, help yang and doing real love yang

In the yang host place yang is righteous soul living behavior

Yang shares time with yin, help yin and doing real love yin

Yin-yang=0

Yang-yin=0

Righteous soul living in yin and yang harmony is

Yin-yang=0 yin host yin and yang harmony

If yin is energy is 100 then, guest yang to be getting energy 100 from host yin

Yang- yin =0 yang host yin and yang harmony

If yang is energy is 100 then, guest yin to be getting energy 100 from host yang

This is yin and yang harmony

But if yin and yang harmony broken

So that

Host yin is not righteous soul living behavior but wicked soul living behavior of revenge and breaking of easy living

Then,

Yin-yang=0

Yang-yin=0

If yin host place host energy is – then,

-yin-yang=-yin-yang

This is yin and yang harmony are broken

If yang host place host energy is – then

-yang-yin=-yang -yin

So that

This is yin and yang harmony broken

What infer of difference

Yin and yang harmony

Yin-yang=0 here is $\text{yin} \geq \text{yang}$

Yang-yin =0 here is $\text{yang} \geq \text{yin}$

Host energy is much more than guest so that, as host energy quantity then guest get from as same as host quantity energy getting

So that

In the yin host place, yin prepared host energy 100, then, guest yang to be getting same energy 100

Yin 100- yang {} =0 is guest yang get from host yin 100 so that =0

This righteous soul living energy

Yin shares time with guest yin as energy 100, help 100 and doing real love 100,

Infer that

The feeling of yin and yang harmony is

$\text{Yin-yang}=0$

Then, here is

Yin and yang both feeling is pleasure of excitement

$\text{Yin}100\text{-yang}100=0$

Automatically host getting energy is

Shares time with guest and help guest and doing real love guest

Excitement and pleasure of host energy transfer to the guest all, so that guest feel really excitement

This is possible

$\text{Yin-yang}=0$, yin and yang harmony

But,

In the yin place, host yin does not prepared energy so that, the energy is -yin, then

$\text{-yin-yang}\neq 0$

Here is as host do not prepared energy so that, guest yang do not get from host, so that guest yang feeling revenge and breaking of wicked soul living energy getting

-yin-yang $\neq$ 0

This equation to be rewriting

-yin $\neq$ yang = {-yin-yang}

Guest yang changed in to host yang then

Yang host energy is = {-yin-yang}

Yang host yang energy is = {-yin-yang}

= {-yin-yang} of host yang power of energy is = {-yin-yang}

This is must be clear of losing with other

Yin and yang harmony host of yang

Here is yang host place, = {-yin-yang} lost war with battle yin and yang harmony host place other yang

Then,

As losing = {-yin-yang} of yang host so then

Here is weak power of = {-yin-yang} to be disappeared

So that

In the end

-yin $\neq$ yang; to be disappeared

So that

Here is only -yin in the yin and yang harmony broken place

This is -yin is huge become disappeared -yin, or as the yang disappeared so that -yin also to be disappeared possible.

So that

$[-\text{yin} \neq \text{yang} = \{-\text{yin}-\text{yang}\}] \times n = n \times -\text{yin} =$

As $n = \infty = \infty \times -\text{yen} =$ in the war losing,

This is clear of war

War is beginning from “Yin and yang harmony broken to war”

War is from yin and yang harmony broken

Who know?

War to yin and yang harmony broken

But it is true

How to live?

As host living is wicked soul living is connected to war

Not to be war, host living is righteous soul living

It shares time with other, help other, but also doing real love other

Then,

Host get a righteous soul living energy of + energy

If not host get a wicked soul living energy of – energy

Truly clear

In the living, no one to be easy living, all of living is hard living

It is clear!

Host living as righteous soul, so that get a righteous soul energy $+\infty$
then, host to be living ∞ , this is

Host righteous soul to create a righteous soul guest from host, this is
also true

Yin-yang = 0 yin and yang harmony, here is guest yang so that

Righteous soul yang helps guest yang to

Yin=yang

Yang host to be =yang={yin-yang}

Here is yang= yin help yang to be string host yang

Then!

Yin is inside yang is out side

So that yin is strong safe from strong yang

A strong yang in the host of yang wins the other host of yang so that

Inside host of righteous soul secured from outside host yang strong power, so that,

In the living yin is safe living with strong yang

This is planed from a righteous soul living in destination place creator

Yin and yang harmony is righteous soul living

Yin and yang do not harmony is wicked soul

Yin and yang harmony is righteous soul best place of peace

Yin and yang do not harmony is wicked soul worst of war

Wicked soul old knowledge out is fear

Wicked soul living world

Old knowledge is truth

Old knowledge is out is running is taboo and fear

Here is old knowledge has a strong power, so that out of old knowledge is enemy to the old knowledge of wicked souls

So that

No one try to out of old knowledge

No one know at now all in prison of old knowledge

But!

Wicked souls are governing of old knowledge so that out of it is fear, governing subjects also fear, governor of also fear,

Governing subject fear is wicked soul governor may be revenge and breaking fear, but governor fear is a creation of knowledge will remove old knowledge power

So that

Governing subject and governors are all do not out of old knowledge

Within old knowledge is safer both governor and governing subject

Old knowledge

To the governor is easy to control governing subject

But strangely

A awaken righteous soul knows that out of old knowledge of creation
of knowledge

Wicked soul is governing and governor based on old knowledge

Righteous soul is governing and governor based on creation of
knowledge

Truly wicked soul old knowledge is run going around

But righteous soul creation of knowledge is runs to the righteous soul
living in destination place

Say again

Wicked soul old knowledge is

Horizontal time living

Righteous soul creation of knowledge is

Vertical time living

Wicked soul old knowledge governor keeps watching

It may be appeared a righteous soul creation of knowledge

Because of old knowledge governor fear is creation of knowledge, if appeared creation of knowledge then all of old knowledge to be waste

If old knowledge to be waste then coincident old knowledge-based governor all to be waste also

So that old knowledge governor is sure of fearing

Old knowledge power group

They are all strong power in the old knowledge system

They are all safe and sustainment of old knowledge power

Old knowledge power group is playing as a system sustainment so that, they are all of strong old knowledge-based government

Old knowledge power group

And governor

Keep watch a creation of knowledge appearance

So that, old knowledge group all of energy using creation of knowledge growing to be end, even do not again appear so old knowledge wicked soul revenge and breaking to the righteous soul of creation of knowledge

Truly

Wicked soul of old knowledge fear to the new and creation of knowledge which not any power

Old knowledge power is strong

It very strangely

Old knowledge is horizontal time living

Horizontal time living is

= depth $1/\infty \times \text{width} \infty$

Depth $1/\infty$ = old knowledge

Width ∞ = horizontal time strong concept is wider territory, so that

Horizontal time living is war to get wider territory only

But

Creation of knowledge of vertical time living

Vertical time living is

= width $1/\infty \times \text{depth} \infty$

Width $1/\infty$ vertical time strong concept is not anything but only going depth so that, here living is do not conflict other, here is peace

Depth ∞ is creation of knowledge

Old knowledge old knowledge power group

Horizontal time living

Creation of knowledge there is no power group

Vertical time living

Old knowledge horizontal time running is living at old time

Creation of knowledge vertical time running is living at future

Strangely

Old time was strong power, so that old knowledge group keep consistency to live powerful living as the old knowledge

Whose are all try to get strong war arms

“Weapon of mass destruction revenge and breaking other”

Old knowledge-based power group is strong wicked soul livings

They do not know

“it shares time with other, help other, but also doing real love other”

But only win, get a territory to be larger only

All of wicked soul old knowledge group effort to get a war

All around of old knowledge of wicked souls are going strong war arms, old knowledge power group, war is very useful keep an old knowledge group

They do not know

If break war then, all of nations persons are all to be damaged

They are all push to the war

Old knowledge group all effort to build strong power of arms

"Weapon of mass destruction revenge and breaking other"

So that

Old knowledge group war is

Broken of fear out of old knowledge creation of knowledge will be changed to old knowledge to be waste of garbage

So that old knowledge group keep pursuing war

Old knowledge was once kept strong economy then

So that,

Old knowledge power group again the money used for silence preparing war to get wide

Strange

If poor problems solving then

At now living of righteous soul excitement and pleasure with other

But strange

Old knowledge-based group keep preparing war

So that

A region to be top of development then, they are beginning to get wide territory

They do not know, a righteous soul living of

“it shares time with other, help other, but also doing real love other”

But only

Old knowledge of wicked soul

Revenge and breaking other only

Old knowledge power group

They do not know, war is huge livings are to be end, all die

As like, old knowledge power group war is only to the fearing of righteous soul of creation of knowledge

If a righteous soul of creation of knowledge, then, it sure of old knowledge is all waste in the coincidence old knowledge-based

power group to be garbage also

Wicked soul old knowledge to war is only out of fear righteous soul creation of knowledge

Old knowledge is huge fear of appearing a righteous soul of creation of knowledge

Wicked soul old knowledge top work is getting wider of territory of war

But righteous soul creation of knowledge top is “it shares time with other and help other, but also doing real love “of peace

Why old knowledge fear of out of old knowledge is

“Wicked soul old knowledge out is fear”

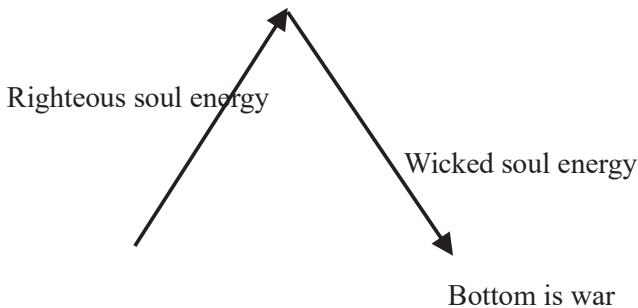

If a righteous soul of creation of knowledge appeared, then all of old knowledge to be waste of garbage coincidence all of old knowledge-based power to be waste of garbage

Wicked soul energy full then the world war III

World war III = number of wicked souls $\times$ wicked soul energy
= wicked soul energy full

Wicked soul energy = old knowledge $\times$ past origin residue $\times$ revenge
and breaking $\times$ loudly and dirty $\times$ do not growing

Righteous soul energy = creation of knowledge $\times$ future running $\times$ it
shares time with other and help other, but also doing real love other $\times$
silent and clean clear $\times$ keep growing

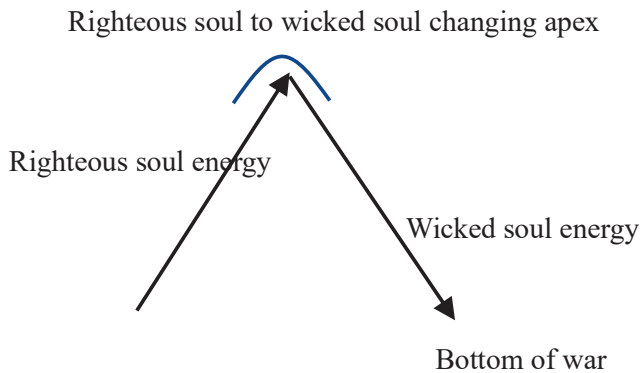

$\Sigma(\text{Righteous soul energy is } + \text{ energy}) = \text{righteous soul living in destination place}$
= keep growing

$\Sigma(\text{Wicked soul energy is } - \text{ energy}) = \text{wicked soul living in destination place}$
= do not growing

Righteous soul keeps growing = keep sharing time with other, help other, but also doing real love other of excitement of pleasure

Wicked soul does not grow = do not sharing time with other, do not help other, do not doing real love other of do not excitement of pleasure

Excitement of pleasure to do not excitement of pleasure apex

From it shares time with other, help other, but also doing real love other to do not shares time with other, do not help other, but also do not real love other

Then, a righteous soul growing is stop but gradually decreasing to bottom of a war

Why righteous soul energy to wicked soul energy

It begins mind living of getting much more than other, and wicked soul of easy living

This situation can't go up of against gravity power

So that, automatically growing down to bottom

Righteous soul energy getting while going up gravity power helping cosmos law

Cosmos law is

Righteous soul silence and clean clear of creation of knowledge

So that a righteous soul keeps silence and clean clear living, the cosmos law helping righteous soul living energy

“Righteous soul to wicked soul changing apex”

Here is righteous soul decreased to be disappeared then, wicked souls are occupied

So that, it begins to wicked soul increased

Wicked soul increased= all livings lost to the gravity power

Wicked soul living energy is a kind of penalty from a cosmos law

Cosmos law penalty = do not keep a cosmos law = in ground all do not keep a cosmos law= a living criterion is changed = wicked soul livings criteria

Truly wicked soul living criteria is not produce but consuming

Wicked soul living criteria is relative with consuming energy

= exhaustion of energy

Wicked soul living criteria is not relative with creation of knowledge

Wicked soul living criteria is relative with old knowledge

Here is old knowledge with consuming energy

Energy is limited

Wicked soul livings criteria is needed to live on energy which is limited

Creation of knowledge = energy saving

Old knowledge = energy consuming

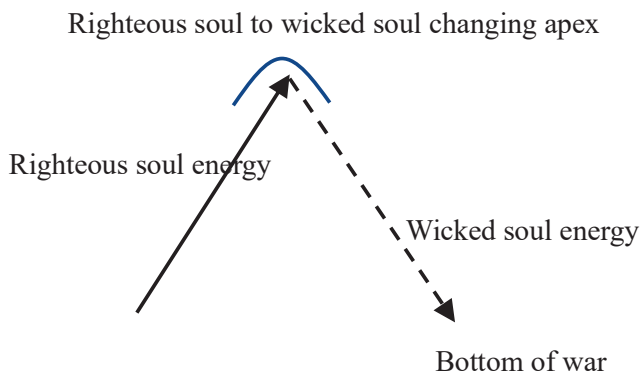

Wicked soul living criteria is energy consuming but same effect

= underground resources which is limited of old knowledge

Righteous soul living criteria is energy saving but same effect

= natural resource which is limitless of creation of knowledge

Wicked soul living criteria

Wicked soul living criteria in in the dot line going doing to bottom

Wicked soul livings are hard, getting harder living

= there is no interesting

All of livings are lose interesting

Near me no one help me, no one shares time with me, no one do not real love me

This is normal in the wicked soul living in criteria

Here is must be all revenge and breaking so that

Here is yin and yang harmony also in the wicked soul living in criteria

So that

Yin and yang harmony of wicked soul living in criteria is all revenge and breaking

So that

Righteous soul living in criteria is

Yin host in the inside outside yang is host

= here is yin is righteous soul living criteria

It shares time with guest yang and help guest yang and doing real love guest yang

Here is a guest yang in the host yin, feel in excitement and pleasure

Here is a guest yin in the host yang, feel safer and excitement and pleaser

But here wicked soul living in criteria is

Yin host but do not host play in the inside

Yang host but do not host play in the outside

Here is guest yang in the host yin, do not feel in excitement and pleasure

Here is guest yin in the host yang, do not feel safer and do not excitement and pleasure

Here is

Wicked soul criteria

Yin and yang harmony is broken

So that

There is no safer and excitement because no one knows so that do not do guest,

In the host place no one do host role play

Then,

Wicked soul living in criteria is

No one role play of host, but all living is guest living role play

So that,

Here, wicked soul living in criteria is

Only easy living in wicked soul a living

So that, truly in infer that

Any place feels safer and excitement place all gone, just all living

Segregated from other

Wicked soul living in destination place criteria is only one living in a custody

They do not know other, expect never ever

Old and young ignorance expectation

Wicked soul living in destination place

Only ranking is social class only

It never ever righteous soul personal expectation all disappeared

Wicked soul living in destination place

Basic criteria are revenge and breaking

All of wicked souls so hate to go with other

Perfectly

Because here is old knowledge of residue of past memory so that,

All of wicked soul livings are reluctance living with other

In the wicked soul living in destination place

Yin and yang harmony is all broken

All of wicked soul livings all ignorance on it

Cause of “Righteous soul to wicked soul changing apex” so that

From righteous soul living to wicked soul living is occurred

Keep downing

If reach at the bottom

Then, it occurs of war

If my living is righteous soul then it never be war

Wicked soul energy to ∞ then war

War by ∞ wicked souls

There is no righteous soul but all wicked souls

As that it is not righteous soul living in destination place

But all connect to wicked soul living in destination place

War at the wicked soul living in destination place connecting

If one living righteous soul, then it never ever war beginning

One righteous soul ≥ 99 wicked souls

So that as one of righteous soul, then here is also righteous soul living in destination place for peace, to save one of righteous soul

This is peace candle but, if peace of candle righteous soul disappeared then, it is black of 100 of wicked souls

War is wicked souls are all region to be beginning war

So then, war responsibility is all me, because me living is not righteous soul, but wicked soul living

My righteous soul living is guarantee safe from war, but as I'm living

wicked soul living so that I could not offend war.

It is sure if my living time war is all my responsibility

Who knows all living even my living wicked soul living, who will live righteous soul living, all living by luckily even my living is wicked soul living but still peace living is gambling living?

My living is righteous soul living is then safe peace, but also for other peace living defend

As I'm living in peace is possibility of my righteous soul living, but also other righteous soul living of "other shares with me, other help me, and other doing real love me" so that, other righteous soul, possibility defend war

Other righteous soul $1 \geq$ include me of 99 wicked souls

This is really gambling if other changed to wicked soul, then I will be in the war

Who knows war is cleaning wicked soul?

Here is all of wicked souls do not keep a cosmos law, so that cosmos law all wicked soul wicked soul living energy penalty from cosmos law

As end of righteous soul one, then

All of wicked soul to be beginning war, wicked souls war is only
revenge and breaking other

Me is wicked soul

Other are all wicked souls

So that war is natural

But before breaking war, all of wicked soul do not know war is how
fear including me and other all to be dead

War is wicked souls be in a frenzy

All shout and kill and to kill other, gunshot cannon mass killed

But they do not know why kill each other for what,

In the war

Cosmos law expect all of cosmos loudly and dirty wicked souls all to
be cleaned so that, cosmos law just see all to be clean so that, a cosmos
to be silence and clean clear

At last cosmos law feel silence and clean clear

So then, in the righteous soul living in destination place hurry to a
righteous soul to voyage to macro concept world for righteous soul
living place construction

This is a kind of base camp next coming righteous souls living voyage
best condition but also, they fell excitement and pleasure with body

In the micro concept world righteous souls all dreamed to living with other, excitement and pleasure in the peace

So then, at now in the macro concept world living righteous soul keep a cosmos law so that, macro concept world living condition is “it shares time with other, help other, but also doing real love other”

Macro concept world

Righteous soul with body of righteous soul living in destination place same condition is appeared up

Here is all righteous soul living criteria is living standard

Here is creation of knowledge so that, here righteous soul living in destination place of macro concept world runs to the future

Here livings are all wealth heath of excitement and pleasure

They live all creation of knowledge, so that their living is vertical time running, living problems solving is not other but all independent living

All of livings are

Depth is $\infty \times \text{width} 1/\infty = \text{constant}$

Here is none of business war

Because all of living is not conflict other

All of righteous souls are running to the depth

All living tools are creation of knowledge

Creation of knowledge helping expand marketing

So that, creation of knowledge product help all living growing

Vertical time peace of righteous soul living in destination place in the macro concept world

Vertical time creation of knowledge from righteous soul living in destination place of micro concept world

So then, here is righteous soul me living is safe and peace living runs to the future

Here is

Righteous soul living is ∞

So that righteous soul living in destination place

If a righteous soul changed into wicked soul then, it disappeared righteous soul living in destination place at the macro concept world

Its condition is

One of wicked soul ≤ 99 of righteous soul, here is still strong righteous soul

But here is

A wicked soul living is easy because wicked soul living has energy
revenge and breaking

So then, a wicked soul getting much more than other and easy living

This is wicked soul living gradually appeared up

If one of wicked soul then, 99 righteous soul do save a wicked soul to
be again safe back to a righteous soul

If fail then, gradually wicked soul number is increasing, then

Here righteous soul, wicked soul mixed living

Even then, still righteous soul, so that a living is righteous soul,
another living is wicked soul, so here is cosmos law help righteous
soul to get righteous soul living energy, but wicked soul penalty of
wicked soul living energy.

It is not sure but, from beginning righteous soul living in destination
place in the macro concept world,

Righteous soul living in destination place disappeared

Wicked soul appeared

Righteous soul and wicked soul mixed

One of righteous soul and 99 wicked souls

A righteous soul disappeared so that 100 all of wicked soul

Then war beginning

This time is how long, if the duration is short then, it is fear, but longer then still righteous soul living is longer in the macro concept world

If but righteous soul living is shorter then, war to come earlier than expect

Who know?

In the macro concept world, no one know is but righteous soul me knows that because a righteous soul watch 99 wicked soul livings

99 wicked soul livings are kept pursuing living easy living

Only one righteous soul living is it shares time with other, help other but also doing real love other

Only one in the macro concept world

Who feel righteous soul excitement of pleasure?

Yin and yang harmony of

Guest feel in really excitement pleasure because a righteous soul host accept righteous soul living behavior

A host of righteous soul righteous soul living behavior

A host of righteous soul shares time with guest and help guest but also

doing real love guest

Here is feel righteous soul living feeling of excitement of pleasure,

But

99 wicked soul,

There is no yin and yang harmony so that

All of host reject to be living in host living because host living is not easy living, rather host livings to choose to be living easy living

So that, 99 wicked souls are easy living, so that guest livings are do not feel in excitement and pleasure

As final a righteous soul disappeared then, all of

Host reject to do host living to the guest

There is no excitement and pleasure

This is really urgent of symbol of war beginning

At first war is happened in the family

So called family war

In the family host player do not know who host,

So that, family there is no pleasure of excitement

Family meeting is all revenge and breaking other

In the family meeting

Food cook, it is also hard so that there is no host and easy living
wicked souls are all pay money food, in the family meeting

There is no tasteful food, there is no excitement

All complaints all anger each other, that is happened family war

But also, family war is

Family host reject so that, yin and yang harmony broken so that

Here is war of family, increasing divorce ratio

As the family war

Expansion in the out of family war, because no one host role player,
so that all of guest, no one deep responsibility but all equal
responsibility, so that, out of host meeting is usual, so that
productivities getting lower, productivity lower is the company
product price higher, but consumers do not buy, so that many guest
players losing job

Losing job guest players are not in excitement and pleasure

Here is as righteous soul disappeared result, there is no righteous soul,
because all excitement and pleasure are creating from a righteous soul,
but so that, as disappeared righteous soul, coincidence with nothing
excitement and pleasure

Without excitement of pleasure

All of living of wicked souls are complaints

Because all complaints there is no host, all guest

But no one try to be host, because host is hard and difficult

All anger

All wish to be war

Rather comes war

Who saying?

In the end comes war

All of guest to be living really hard

Really hard but end of living in the macro concept world as wicked soul, wicked soul living end, it is reach at the wicked soul living in destination place

All of war disappeared runs to the wicked soul living in destination place, they all opportunity losing keep peace, so that, wicked souls are all disappeared from macro concept world

War face

War is sure all of from me, if living me righteous soul living then, there is no war, because of me, but if do not living righteous soul, so

then in the war

Me and other die, all responsibility from me

Repent that if I living righteous soul living then, there is no war, but
repent is do not use, because here now me is dying a bullet hit me

It I living righteous soul I can live

If I do not live righteous soul in the war, I'm dying but also other also
dying.

Why my living to live righteous soul?

Here,

Righteous soul living me is peace

Wicked soul living me is war

War is rich wicked soul poor wicked souls' conflicts

Strangely strong livings are trying to live easy living but also getting much more than other, strong rich livings use wicked soul power of energy revenge and breaking

Rich wicked souls are invaders the poor wicked soul

Strange

Why rich wicked souls do not live a righteous soul living of “it shares time with other, help other, but also doing real love other” but as reach at the top of rich, then typical wicked soul living

Only one of rich of wicked soul easy living, other living all hard living, for this all of wicked soul energy using revenge and breaking energy

Rich wicked souls at first built

“Weapon of mass destruction revenge and breaking other”

Rich wicked soul around is not in excitement living but all wicked soul or mind livings are still hard living, but a strong power of rich wicked soul governing by revenge and breaking wicked soul energy

Righteous soul rich at first

In around of righteous soul all spread as same as rich of righteous soul so that all of living are

“it shares time with other, help other, but also doing real love other”

so that, rich righteous soul living purpose is to live with other, excitement and pleasure living is first

Because rich is not built by alone but all cooperation result, so that rich is beginning from the poor, it is hard time but also loving time working so that reach at the rich

Then rich are must be living with other excitement

Truly shares all of rich to other, so that all of livings feeling rich as same as other, for this all endure of hard living

In the macro concept world, endure to live happy,

But, strangely

As reach at rich then do not feel happy

Because

The rich wicked souls feeling unsafe or still much more easy living getting much more than other

Then, this is not happy but worrying thing added

This is wicked soul rich

Wicked soul rich around other wicked soul all near rich of wicked soul, because wicked soul has power, so then, wicked soul rich coming up before as the poor time a strong wicked soul revenge and breaking, so that strong wicked soul as same as do

So that

Powerful rich wicked soul conflict the poor wicked soul

Powerful wicked soul to the poor wicked soul only

So that

If a war broken then,

Both fighter all wicked soul only

Cosmos law knows that, cosmos law keeps safe the poor and righteous soul, because poor and righteous soul, still growing the poor and righteous soul is beginning of righteous soul

So that a righteous soul who is beginner of poor is all helped from cosmos law

So that

Strong rich wicked soul cannot fight to the poor and righteous soul

But strong wicked soul knows that the poor wicked soul

The poor and wicked souls are doing not keep a cosmos law

So that, cosmos law keeps penalty of wicked soul living energy

The poor and wicked souls do not know, but they all stealth each other and revenge and breaking other also, so then, the poor and wicked soul region is typically wicked soul living in destination place same

The poor and wicked soul

The strong rich wicked soul

Both groups truly strong infer that strong wicked souls are all invader to the poor wicked soul region, but after rich power of wicked soul all revenge and breaking the poor and wicked soul region

So that war is

Righteous soul governing region

Righteous soul living in destination place

A wicked soul appeared

Wicked soul and righteous soul mixing

Wicked soul getting majority

Only one of righteous soul living

Finally, a righteous soul disappeared

All of wicked soul occupied

The criterial of a region is wicked soul living

Wicked soul living is only one easy living other to be hard living

Strong rich wicked soul seeks stealth other

So that

Strong rich wicked soul invader to a poor wicked soul

In the end it is war

War is direct relative with wicked soul

But righteous soul responsibility because wicked souls are failed to sustainment a righteous soul living governing

Righteous soul to wicked soul

Righteous soul living is

Silence and clean clear of getting bubble of creation of knowledge

If a righteous soul does not live with cosmos law keeping, then

Then, a righteous soul does not hear of creation of knowledge because of inside condition is getting loudly and dirty, so that a righteous soul shift to wicked soul

Righteous soul to wicked soul is easy but wicked soul to righteous soul is hard

Wicked soul is focus for body with wicked soul easy living, guest living

But righteous soul is focus for righteous soul hard living, host living

Truly infer that

Easy living guest living

Hard living host living

In the living most are try to easy living of guest living

So that

Hard living host living of righteous soul to easy living guest living
changing this is most region behaviors

So that

From righteous soul hard living of host living to wicked soul easy
living of guest living is really fast running changed

Sure, of clear of it is war formula it is

So that war is

“War is rich wicked soul poor wicked souls’ conflicts”

Here is war is saying again

Rich wicked soul to keep sustainment it needs to energy so that it
stealth other wicked soul regions

Poor wicked soul who is now poor wicked souls

They are not strong, so that strong wicked soul fight to the poor wicked souls

Strong clue is

Only wicked soul to wicked soul fight to a war

Strong wicked soul

Poor power of wicked soul

But a poor & righteous soul is keeping cosmos law

So that cosmos law keeps from war,

The poor and righteous soul region living is peace

Strong saying

Only righteous soul to live in peace

Anyhow wicked souls are all to be war

Righteous soul living behavior is

“It shares time with other, help other, but also doing real love other”

This is forgiving other, all of residue of old knowledge is fire and water cleaning this is righteous soul living

Righteous soul living is enduring and hard living of host living so that host undertake all of hard, because host is righteous soul, righteous soul knows living based on creation of knowledge

Creation of knowledge is beyond wicked soul living old knowledge

So that creation of knowledge a righteous soul wins wicked soul old knowledge

So that a host of righteous soul of creation of knowledge keep peace

So that

Peace living based on creation of knowledge

Creation of knowledge possible wicked soul old knowledge built

“Weapon of mass destruction revenge and breaking other”

Win and make useless by creation of knowledge built “Weapon of electro wave energy keeps a righteous soul”

Righteous soul creation of knowledge it never ever to be war but only old knowledge wicked soul only in the war

The world war II memory

The world war III

The world war II

In the Einstein movie

The world war II appeared up

Then, all of major schola also changed to in a day

Einstein friend all changed being enemy

Here is majority is changed from friend to enemy

Minority is living depending on majority

War is losing personal righteous soul changed in to wicked soul

Majority is super power

Minority is powerless

Einstein was minority

Here is sorry and fear of defined

As in a region disappeared only a righteous soul, in the region

It begins of a war

Minority powerless conflict to majority of super power

Infer that

Minority living was hard to live majority but, their living

Was not follow of righteous soul living

Righteous soul living is

Inside Silence and clean clear of bubble of creature of knowledge

And based on

Outside living is do not living “it shares time with other, help other
but also doing real love other”

Minority living

Majority living

Both do not live righteous soul

So that

At the beginning of war

Fully only one of righteous soul disappeared

Both party

Majority and minority both region a righteous soul disappeared then

War beginning

War beginning start

Conflict majority and minority

Here cosmos law was forgotten in the end of a righteous soul disappeared so that, in there a righteous soul living energy also all used up, all of living energy wicked soul living energy

Wicked soul living energy is revenge and breaking other

Wicked soul ultimate goal is war

War is revenge and breaking all

Super power of majority is against cosmos law and do all

Revenge and breaking

All of minority is enemy of majority so that

Majority power of wicked soul did it

Strangely

Still same now world war III

Gradually all of majority is reach at wicked souls

Wicked soul majority is huge fear

But it also strange

No one appeared

Majority wicked soul power to be war, so that please stop going

But truly here is a righteous soul about to be end

It is really fear

Long time ago

World war II time majority are still righteous soul region

So that it is really it is

But in the world war II region a majority power region gradually runs to the wicked soul power

Strangely

In the place

A righteous soul inside

Silence and clean clear of bubble of creature of knowledge

Outside “it shares time with other, help other, but also doing real love”

This righteous soul sounds are getting slower diminish

Strange

They were major actor so then; they know war result is really sorrowful but they now go to the wicked soul majority power

Strange

In the world war II

Majority power to minority power

Truly strange

Same as the place

Einstein living region

And now book writer region

My region near

My friends are minority

Near living place are majority

Majority

Minority

If I explain on my way

Yin and yang harmony

In the time of yin and yang harmony

Then,

Majority is yang

Minority is yin then

Yin and yang harmony then

Yin and yang living based on righteous soul living

Majority yang living

Yang living shares time with yin and help yin and doing real love yin

Here is yin and yang harmony keep a cosmos law

There is a living of peace

But

Yin and yang harmony broken

Majority power yang

Do not living righteous soul ways

All wicked soul living way of do not keep a cosmos law

Wicked soul majority yang revenge and breaking minority

This is same

Einstein region and my region

War is not international beginning but domestic beginning

Majority to minority power game

Majority win minority then, the world is

Majority world

Exclusively all reach at 100% of wicked souls

0% of righteous soul, then in the place

Criteria of living is all wicked soul living ways

In the place

All is governing of wicked soul old knowledge

Past residue of loudly and dirty is in inside

Outside is revenge and breaking other

So that

Majority attacking minority

This is war

This is world war II

Strange majority keep seek their attacking minority

Near now my living place a region

Regard as my region livings is their minority

We are their minority

They are majority to us

We know case story from world war II

Even near a place still treat as us their minority

But we know it

We are now there is no minority

But we are also dangerous

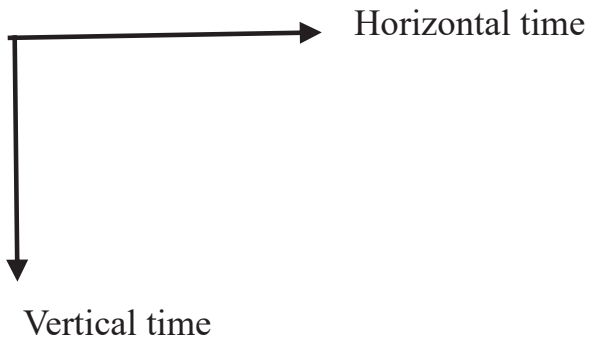

Because in us

Majority seek a minority

If we do, we will be face also world war III

Horizontal time of war

Time is difference defined horizontal time from vertical time

Horizontal time defined

$$= \text{width } \infty \times \text{depth } 1/\infty = \text{constant}$$

Vertical time defined

$$= \text{depth } \infty \times \text{width } 1/\infty = \text{constant}$$

Horizontal time major is width but minority is depth

So that major of width is horizontal time living main energy

But

Vertical time major is depth but minority is width

So that major of depth is vertical time living main energy

Horizontal time main energy is

Width ∞ , so that horizontal time living is getting wider of width

So that, horizontal time living regions try to get wide territory, here is width is based on vertical time $1/\infty$, so that here is there is no creation of knowledge but old knowledge

That is cause of war

Vertical time main energy is

Depth ∞ , so that vertical time living is reach at the much more depth with creation of knowledge, here is to go depth required creation of knowledge

How to get creation of knowledge is living righteous soul

Silence and clean clear of bubble of creation of knowledge

That is cause of peace

Horizontal time with old knowledge

Vertical time with creation of knowledge

Horizontal time with old knowledge living with residue of past unburnt so that wicked soul of revenge and breaking energy of war

Vertical time with creation of knowledge living with perfect burnt past residue so that silence and clean clear of righteous soul “it shares time with other, help other, but also doing real love other” of peace

Horizontal time living is custody in the past unburnt residue, go run around, useless running

Vertical time living is running to the future of righteous soul living in destination place, useful running

Wicked soul’s old knowledge tries to get same as righteous soul livings

Righteous soul living vertical time with creation of knowledge

Vertical time defined

$$= \text{depth } \infty \times \text{width } 1/\infty = \text{constant}$$

Wicked soul living horizontal time with old knowledge

Horizontal time defined

$$= \text{width } \infty \times \text{depth } 1/\infty = \text{constant}$$

Wicked soul horizontal living of old knowledge to be same with vertical time living is

$$= \text{depth } \infty \times \text{width } 1/\infty = \text{constant}$$

$$= \text{width } \infty \times \text{depth } 1/\infty = \text{constant}$$

To be constant energy, horizontal time runs to much more wide

But vertical time runs to the much more depth

This means that

Go deeper relative with creation of knowledge

Go wider relative with old knowledge

Creation of knowledge is relative with profound, beyond

Old knowledge is relative with past custody of residue to revenge

Vertical time living with profound, beyond, runs to the future and righteous soul living in destination place

Horizontal time living with custody of past runs in the custody in the end do not reach at the righteous soul living in destination place

So that

Old knowledge of custody of fast

All effort to get wider conflict to other, it is strange horizontal livings are all proud of their past orientation they growing, but all of their energy for getting wider

This is old knowledge so that, horizontal time never known vertical time of depth, so that, even they are going well but their living in the custody of going around only

But also,

Old knowledge is doing not feel excitement because

If horizontal time running livings are if has a power then, they try to get wider of horizontal time living

$= \text{width } \infty \times \text{depth } 1/\infty = \text{constant}$

Horizontal time livings are strangely some of living well then, all effort to be width ∞

Truly they all has enough width but to be same energy with vertical time living, horizontal living keeps much wider

How silly, poor

If living well then

It shares time with other, help other, but also doing real love other

But, as living well then

It begins getting to be wider

This is horizontal time

= width $\infty \times$ depth $1/\infty$ = constant

Then a rich horizontal time try to get wider then

Where to get wider, neighbor neat territory getting, what happen

Near territory to be war conflict

It is really strange

Righteous soul vertical time running is

= depth $\infty \times$ width $1/\infty$ = constant

Here is righteous soul strong major is depth ∞

How to reach at the depth ∞

That is living righteous soul

Silence and clean clear of bubble of creature of knowledge

Here creature of knowledge is

Righteous soul me, here is a personal living is in the macro concept world righteous soul living voyage only in the seen world

here righteous soul still runs to the macro concept world voyage to the righteous soul living in destination place

so that, righteous soul vertical time is really critically is

it is natural

if get a fruit then

automatically

righteous soul behavior

“it shares time with other, help other, but also doing real love other”

At now living is a personal, a righteous soul living runs to the righteous soul living in destination place vertical time running is urgent

Here is vertical time major is depth^∞

This is creature of knowledge is perfect without width

Vertical time minority is width

Without width same as horizontal time energy

Righteous soul vertical time living is

Without any wide, but same as horizontal energy

$= \text{depth}^\infty \times \text{width}^{1/\infty} = \text{constant} = \text{width}^\infty \times \text{depth}^{1/\infty} = \text{constant}$

Vertical time without width but same horizontal time energy is peace living

But

Horizontal time without depth but same vertical time energy is war living, because here is never ever there is no creation of knowledge

So that

Horizontal time livings only depend on wider of territory

This is really sorrowful livings

If horizontal time livings are getting an energy, then keep wider of territory

This is war, why rich horizontal time livings are seeking keep wider of territory

It is sure of

Vertical time livings are without wider of territory but same energy of horizontal time energy

Vertical time energy is based on “it shares time with other, help other, but also doing real love other” of peace

Horizontal time energy is based on “getting wider of territory of war”

Why getting well to get wider of territory of horizontal time livings try to beginning of war?

Source of war is energy added saying

Do added saying is compared with dog barking

Dog barking is energy added saying, when feel fear, and fight to other then, energy added dog barking

The same as a wicked soul living saying all has energy added saying

Energy added saying is to be same as dog situation

Wicked soul does not know, a righteous soul living of silence and clean clear of whisper

Do not added original basic saying is right from silence and clean clear of bubble of creation of knowledge express to neighbor then, saying is whisper,

Basic saying is much stronger than energy added saying

Basic saying is including with creation of knowledge

Added saying is fighting of do not consider other

Basic saying is creation of knowledge

Added saying is old knowledge

Is much compared

Basic saying is creation of knowledge is silence and clean clear

Added saying is old knowledge is loudly and dirty

Basic saying is human god

Added saying is human animal

Basic saying of human god righteous soul living in destination place

Added saying of human animal wicked soul living in destination place

Human god living “it shares time with other, help other, but also doing real love other”

Human animal living is only wicked soul me getting much more than other but also easy living

Here is

Human god living with all of other

Human animal living is only me living easy living

Human god living peace living with other

Human animal living war living to others

Human god of peace living is all other is friend

Human animal of war living is all other is enemy

Human god living with other

Human animal living only me living

So that

Human god living from me all to be living interesting and excitement

Human animal living from me all to be living fear and fight living

Human god living is real human being living

Human animal living is real animal living only

This compared with

Hard living end of it is righteous soul of human god to be peace

Hard living end of it wicked soul of human animal of to be war

It is really strange

Why growing up then living animal to other to be fear and fighting

It is really mysterious thing

Hard living end to be living result of it,

It shares time with other, help other, but also doing real love other then, the living is really excitement and pleasure

But a human animal living as the powerful energy collecting then, the human animal tries to expand other weak power to get much more getting from other, it is really sun of beach

Human animal sound of saying is

Added saying of wicked souls whose saying getting dry and there is no any saying beautiful fragrant saying but all dog barking saying only

Because human animal is animal so that human animal saying as same as dog barking

Why!

Human animal

Only focus for getting much more than other of near livings all to be fear and fight for another human animal

Truly it has human character of animal living

Infer but truth is

Human animal is eating sleeping

Animal eating and sleeping is same

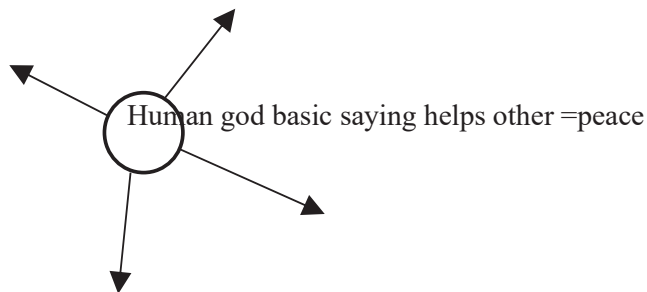

The same as

Human animal is fear and fighting of dog barking is added energy saying.

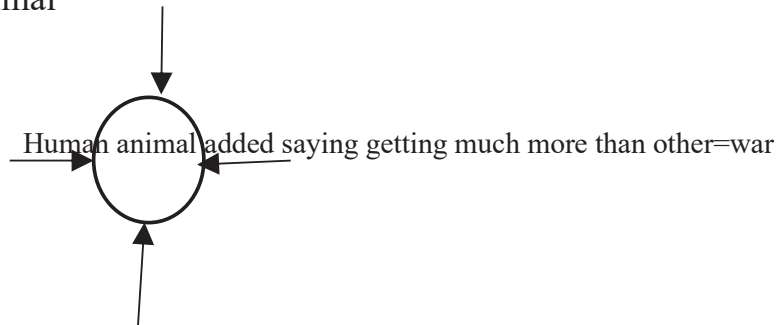

Human god can help others

Human animal does not know helping other

Human god is

Human animal

Added energy saying is human animal

Basic saying is human god

Human god to peace creating friends

Human animal to war product enemy

At now infer of it is

Truly it is

There is no host but all try to be guest

Host is “it shares time with other, help other, but also doing real love other”

But guest is

Only easy living

As the there is no host so then, there is no do not added energy saying

Human god also there is no

But all try to living guest living

So that all of guest livings saying energy added saying,

Energy added livings are fear and fighting just like dog barking

If

Do not added energy saying human god to be $1/\infty$

Then,

Living are added energy saying human animal living ∞

Then,

It is correct to direct war

Therefore

The war of source is

Added energy saying

Added energy saying is dog barking

Added energy saying fear and fight

Added energy saying product enemy

Added energy saying host living to be $1/\infty$

Added energy saying guest living to be ∞

Added energy saying is

Do not know yin and yang harmony

Yin in the host place saying that fear and fight of dog barking

Yang in the host place saying that fear and fight of dog barking

Then,

The time of place livings are really piety

Because that is a war

It is clear of war

War!

Is all of peace breaking

War!

Is all family to be died

War!

Is also me is dead

But why

Energy added saying livings are increasing

It is really mystery

War is human animal; peace is human god living

War is for getting much more than other

Peace is “it shares time with other, help other, but also doing real love other”

All a living decision is in a second choose war and peace

This is really short of moment decision

Easy decision is getting much more than other

Who criticize it, no one it, because this is general, so this is all to be being general?

Much more deep running, deep reaching at is comes up, “it shares time with other, help other, but also doing real love other”

So then,

War is general of going wide running

Peace is deep running decision

So then public living is

Getting much more than other, this is open for all

All livings to get much more than other, this is a kind of race

In here attached of war

War is changed into competition, or game

Getting much more than other is war, competition, and game

Warrior, competitor, gamer living is wining purpose

And winning result is “getting much more than other”

Who criticize it again?

So that, all of livings are saying living is war

In the war survival livings are revenge and breaking other of wicked souls are fit to living

So then

In the macro concept world living is

War is general

Peace is special

War is easy living

Peace is hard living

Most rich and opportunities are winners in the war

So that, all of winner living is wealthy and healthy living

Rich = war winner

So that most livings are trying to easy living by using revenge and breaking other, so that other to be loss of war, so then winner do not care to the poor of loser

This is easy living

Easy living war, fight, competition, to win, this is game, so that all of livings are running easy living position getting

Easy living is eating sleeping of human animal living

Hard living is deep running of “it shares time with other, help other, but also doing real love other” of human god living

Easy living is human animal living of wicked soul to be war

Hard living is human god living of righteous soul to be peace

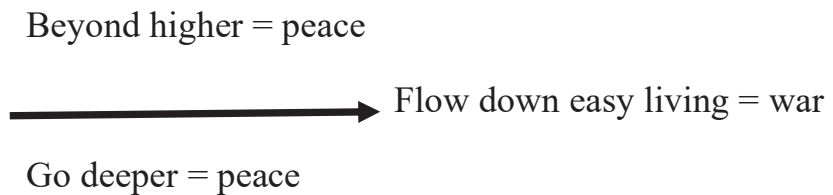

Easy living of wicked soul only can do is revenge and breaking of war

Hard living of righteous soul only can do is “it shares time with other, help other, but also doing real love other” peace

All of macro concept world living flower down to easy living, so then in the end of living is to be war of death

But macro concept world living upward conflict to hard living, so then in the end of living is to be peace of living

A living peace going deeper, going beyond to the higher, so then peace is in the go deeper and go beyond higher living place

Easy living = low down to the low of war human animal

Hard living= beyond higher, go deeper of peace human god

So that

In the human god living place is peace so that, the place living is at

the deeper place and beyond of higher place, living place normal living is “it shares time with other, help other, but also doing real love other”

But human animal living is war so that, the place living at the getting wide competition and war of living place, so that in this place even any means that win is only living so that, here is “revenge and breaking other”

So that

If a living time and space

A living does not reach at the beyond higher, go deeper reaching then, this is easy living, easy living is compared to the animal of eating and sleeping of animal living only

It is strong clear of inferring

In a peace living place, it sure of a righteous soul of beyond of higher and go deeper of creation of knowledge learning of enlightening livings are hard living so that, here is keeping a peace

But if a war living place, it is very simple

Easy living, all of wicked soul livings so that no one go beyond higher, going deeper, these livings are no one, so that, in here anything creation of knowledge added in easy livings

Easy living is leaning to one side, so that

This is simple to war

No one against to the war

Because here is no one living of righteous soul of beyond higher,
going deeper creation of knowledge

War decision is easy living of human animals wicked soul

Peace decision is hard living of human god righteous soul

Creation of knowledge is

Beyond of higher

Go deeper

Human god of peace

Old knowledge is

Getting wider

Human animal of war

Machine growing human being does not grow is war

Human being creating machine better growing

Human being does not grow

It must be deluding oneself completion of perfect

Perfect human being

Perfect machine

Human being tries to make machine like a human being

Then

Human must be growing to human god by human being

If not, human being makes it perfection of human being machine

But human being does not grow to the human god, then human being is human being or deteriorate human being of human animal

Then what happened to in the future

Human being machine is machine

But human being is human animal, of animal

Then,

In the future

Perfect human being machine

But real human is human animal

So that

Now

Human being is perfect but machine is going to perfect

But in the future

Human being is being animal

Machine to be being human being machine

So then,

Human designed human machine to be help human being machine to human being,

But in the future

Human being machine governing to the human animal

Say changing it

Human being (machine) to human animal

So that

Machine keep growing

But human being does not grow

Then,

In the future

Bio human being is all human animal

But

Machine human being is all to be human

Machine human can do creating machine slaver

So that here is machine human try to be easy living

Human machine knows that to be easy living need a machine slaver

But bio human being to be easy living creating human machine

Then,

Machine human being see bio human being animal

Because bio human being does not grow to the human god

Truly infer that

Human god can be living

It shares time with other, help other, but also doing real love other

But

Human machine does not know human god living

But if human do not grow to human god

then

human being living human animal

human animal only tries to easy living, do not know god living of
it shares time with other, help other, but also doing real love other

then,

human being machine knows that easy living

human animal living knows that easy living

in the future

if human do not grow to the human god, then

automatically, human living is human animal easy living

bio human is human animal easy living

human being machine easy living

then,

here is human machine is depending on AI of machine knowledge

but human animal is not known only old knowledge residue of past
unburnt, so that human animal living to be revenge and breaking

so that

human animal revenge and breaking of easy living

human being machine to be easy living of making slaver of machine
made for war to the human animal of bio

if human being now does not grow to human god, but only human
make a human being machine

then, in the end bio human to be war by human being animal

“Machine growing human being does not grow is war”

At now urgent

Human being does not know how to grow to be human god

but only interesting human being making human machine

this is main problems

if bio human being does not do be human god

then, in the future soon

failing to be human god of human animals losing war to human being machine

because

human machine

human animal

both same know that easy living is preferable

it never knows human machine human god “it shares time with other, help other, but also doing real love other”

if now human being to grow human god, then

human being machine also do “human being machine shares time with other, help other, but also doing real love other”

all of bio human being try to make perfect human machine

but bio human being lost how to be human god

if now human being does not find the to be being human god

there is no future

but only hard living under the human being machine governing

then

bio human animal will be loss in the war from human being machine

this is clear

urgence

bio human seeks how to be human god

this is required now

this is urgence

not to be war loser from human being machine

in the future

bio human being animals are to be slaver of human being machine

Human being energy flow

Human being is energy

Human god is righteous soul energy flow

Human animal is wicked soul energy flow

Human god= righteous soul energy flow

Human animal = wicked soul energy flow

All human has an energy

Truly energy is propelling to the destination place

Moving directions are back ward and forwards

So then,

Backward direction energy is

“Human animal = wicked soul energy flow”

Forward direction energy is

“Human god= righteous soul energy flow”

In the infer of real living place

Conflict

Energy directions

Backward energy direction and forward energy direction

This is

Backward energy flow but forward energy flow conflict

In the some infer of conflict

Will be

Backward energy 50%

Forward energy 50%

Then,

Here is to go for backward it needed forward 50% variable

But also, to go for forward it needed backward 50% variable

Backward direction energy is

"Human animal = wicked soul energy flow"

Forward direction energy is

"Human god= righteous soul energy flow"

In the energy reach at 70% backward then to be possible 100% to the backward energy flows

If energy reach at 70% forward then to be possible 100% to the forward energy flows

All human being has difference energy

A human being energy is also forward 50%, backward 50% then,

Truly a human being remained at the place, go around only

A human being energy flow

If a human being energy is forward of righteous soul, then, a human being energy help other human being whose still forward 50%, backward 50% to be forward flow, because a human being righteous soul forward energy flow plus other 50 to 50 energy, so then

Energy is flow

So that, a righteous soul forward flow 100% + other backward 50% + other forward 50% = {a righteous soul forward flow 100% + other forward 50%} + other backward 50% = a righteous soul 100 forward with other 50 to 50 all to be forward energy flow

As that a righteous soul forward energy flow creates other forward energy flows

The same as

A wicked soul backward flow 100% + other forward 50% + other backward 50% = 2 human being backward wicked soul energy flows

Energy is flows

So that,

Even over 50% energy so then forward then, it is going for the forward

But over energy 50% is backward then, it must be running for backward

So, then energy flow is huge critically changing because

49% forward to 51% backward then to be possible to backward

49% backward to 51% forward then to be possible to forward

Here is me living is forward flow energy then truly infer that I'm a critically changing energy, so that me forward all forward flow energy

Against

If my living is wicked soul of backward flow then, it is clear of all of backward flow energy

Say again

Forward energy to be peace of running to the future

Backward energy to be war of running to the past

In my living

Forward energy to be peace of running to the future

It is simple my energy is forward flow energy

Backward energy to be war of running to the past, because of me my energy is backward flow energy

Human being is energy flow

If human being energy is forward flow, then in the place peace of warm in a space

Truly infer that, even a space is cold but, in here forward energy flow then, a human being feeling is not cold but feel fresh of cool

If human being energy is backward flow, then in the place war of cold in a space

Truly infer that, even a space is hot but, in here backward energy flow then, human being feeling is not warm but feel is death hot feeling

Human energy to a space energy

If a human energy is forward then an energy get warm in a cold space

But human energy is backward then an energy gets cold in a warm space

Human energy helps each other to be living running forward

But human energy revenge and breaking other to be death running backward

Human energy

All of living of human being is energy

Forward human energy help space to be harmony with forward energy
human being is cosmos law feeling excitement and pleasure of
righteous soul living energy

Backward human energy revenge and breaking space to be do not
harmony with backward energy human being is cosmos law feeling
is anger with giving penalty of wicked soul living energy

A human being energy is helping cosmos law

Or revenge and breaking cosmos law

This is all of human being choose

If a human being energy forward

Then,

{A human being forward energy + cosmos law righteous soul living energy} stream of flow = peace

All human beings have dream to be living peace and “it shares time with other, help other, but also doing real love other”

All living survives of living

Forward living keeps a righteous soul living voyage mission carrying and completion, this is to be god

If

{a human being backward energy +cosmos law wicked soul living energy} steam of flow = war

All human beings complain to be being war, but they did not know what is war, war is “revenge and breaking other”

All living does not survive of death

Backward living does not keep a righteous soul living voyage mission carrying and do not completion, this is to be god food

All to be god or god’s food is human being energy flow

Say again to be peace of living or war of dying all depend on a human being energy flow

In a person inside war

“Mind = $1/\infty$ ”

There is mind there is no me

Righteous soul & nothing

Poor & righteous soul

In a person inside

Weather is clean, cloudy, rain, windy variable weather is changing

In a person inside

Governing from a righteous soul

Governing from a wicked soul

Infer that in a person inside war is

Cloudy of governing from a wicked soul to be decide of a war

Truly infer that

All of war is beginning in the inside

If a inside is silence and clean cleat then it never decides to war but

peace,

But

If a inside is loudly and dirty then it never decides to peace but war

What make loudly and dirty

That is past origin from of an unburnt residue

This is in the cloudy windy weather, unburnt residue is all flied in the inside space, so that a person feeling is anger and revenge and breaking other

So that, this is governing by wicked soul,

In this inside

A person of decision maker decides to be war

Inside of a person

Governing by wicked soul with loudly and dirty of unburnt residue scattering inside space, this is called as garbage dust, so that inside is really drain of stench, this is like as a garbage dump

This person

Do not feel of hearing bubble of creation of knowledge from a righteous soul living in destination place

Perfect zero of creation of knowledge

So that

A person inside is garbage dump feeling is revenge and breaking why I'm so loudly and dirty

A person feeling that all is loudly and dirty

No one help learning creation of knowledge but a person learning is past origin of old knowledge, so that old knowledge is all disgraced and lose the game, but also from attacked then, the feeling of old knowledge is arousing revenge and breaking

Truly

That is same with another old knowledge

So that, gradually old knowledge power grasp to be occupied creation of knowledge all get by old knowledge

A strong old knowledge

Truly old knowledge is not now real but past gone, a unburnt residue only, this is all before livings are scratching to remember to revenge and breaking while comes powerful energy, so that

The old knowledge strong power

This old knowledge is occupied in side but no one criticize all agree yes, it is,

Here is perfect nothing creation of knowledge so that, old knowledge of wicked soul governing

Wicked soul strong first is deceit and easy living and revenge and breaking

But this is

A person inside war is

Connect to the wicked soul living in destination place

All of wicked soul living in destination place

All anger of it, because they are now custody of living,

All of wicked souls are deceit and only try to easy living so that

In the wicked soul living in destination place all together living in there, how to live hard

So that all of livings are try to do war

{ "Mind = $1/\infty$ "

There is mind there is no me

Righteous soul & nothing

Poor & righteous soul }

How to solve in a person inside of war

It must be keeping recover from wicked soul to righteous soul

Then, wicked soul living is

Loudly and dirty

Old knowledge

Inside whether must be changed from windy cloudy loudly and dirty
to “silence and clean clear” weather

All of unburnt residue of past origin of old knowledge varied to the
running to the righteous soul living in destination place of future, of
creation of knowledge getting

This key world is

Again saying

Mind = $1/\infty$

There is no mind there is no me

Righteous soul & nothing

Poor and righteous soul

If this living then,

In a person inside war to a person inside peace

If a person living in

“Mind = $1/\infty$

There is no mind there is no me

Righteous soul & nothing

Poor and righteous soul”

Then a person inside

Silence and clean clear of bubble of creation of knowledge of peace

If not

A person inside

Loudly and dirty of old knowledge of war

A source of war is

A person inside loudly and dirty of old knowledge of war

A person inside is a source of a war

Who knows a source of war is from me of “wicked soul me”?

If living me is wicked soul then, then it is sure I will be face of a war

Who knows in this war I’m fallen to the wicked soul living in destination place?

If a person whole living without war

Then, a person runs to the righteous soul living in destination place safe

This is only possible as I’m living in righteous soul living

It is clear

Righteous soul living is

{ "Mind = $1/\infty$

There is no mind there is no me

Righteous soul & nothing

Poor and righteous soul" }

If really living I the peace inside and outside of a person

It must live me is righteous soul living

Be sure

If I living in a righteous soul living

In my living time there is no war

It is clear

So then

Righteous soul living me

Feeling as that

{ "Mind = $1/\infty$

There is no mind there is no me

Righteous soul & nothing

Poor and righteous soul”}

This is real living

This is peace living

This is completion of macro concept world mission clear

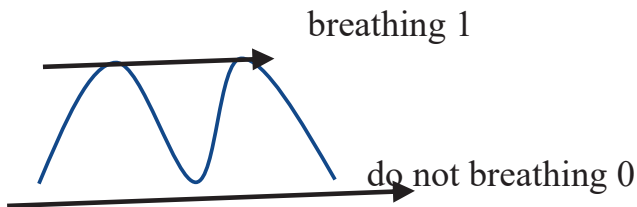

And then

The time is up then, righteous soul me runs to the bright gate to the
righteous soul living in destination place

Do not breathing 0 war to Do breathing 1

do not breathing is 0

do breathing is 1

breathing 1 is fully breathing

breathing 0 is hard to fully do not breathing

if breathing 1 is 90% but 10 % do not breathing 0

then, human being feels that turf, and loudly and dirty

but if do not breathing is 90% that the feeling is

silence and clean clear

even truly not regular beathing

do breathing is 50% do not breathing is 50 must be normal

so that human being does not feeling breathing

but

a human being tries to breath 99%, but do not breath only 1%

then, it must be one time after long while another time will be possible,
but 99% is

= {mind ∞ ; getting much more than other + wicked soul ∞ ; revenge
and breaking}

Here is produce problems

Huge number of livings are to trap problems

Due to

Breathing 99%

Loudly and dirty

In here

Temptation

Easy living

Getting much more than other

Revenge and breaking

Huge number of livings are out of 00000 do not living

So that, they are not living in

Silence and clean clear of bubble of creation of knowledge

So that most livings deceit from wicked souls who are living as breathing time of 1

Breathing time = {mind + wicked soul} livings so that

Here is what was saying, problems producing

Just one time get on problems

They do not know solutions so that most livings in the trap

All of living in the loudly and dirty

If a human being does not breath is 99%

= {righteous soul ∞ ; silence and clean clear of bubble of creation of knowledge}

This living is problems solution

Do not breathing is hard to longer, but in here is silence and clean clear of bubble of creation of knowledge

This living is righteous soul living

00000000 living

In this living

It shares time with other

It helps other

It does do real love other

This righteous soul living behavior is come true

But here is how to a living can runs to 00000 without breath

It is really hard

So that, a living try to breath so that 11111 is normal living

In the macro concept world

In the macro concept world

Living try to living 11111111111111111111

This living is easy living, getting much more than other living

In the macro concept world of seen world

Most to be respectable a living is 1111111111

Rich of getting much more than other is all living dreams

As said

11111 is easy living

Micro concept world

0000000 is all

$-1/\infty \sim +1/\infty = 0$

So that

Do not breath of 0000 is

$= n \times \{-1/\infty \sim +1/\infty = 0\}$ = micro concept world of righteous soul living in destination place

In here

Silence and clean clear of bubble of creation of knowledge

Here is creation of knowledge is

Righteous soul = creation of knowledge = solving problems

In the righteous soul living in destination place

All solved perfect destination place

All creation of knowledge destination place

If living do not breath is reach at

$\{\text{Righteous soul} = \text{creation of knowledge} = \text{solving problems}\}$

But most livings are runs way of 11111111 breathing living

So that easy living, getting much more than other living

Here is

{Do not breathing 0 war to Do breathing 1}

99% breathing

1% do not breathing

A living is 111111110 must be

This is loudly and dirty and problems producing

99% do not breathing

1% breathing

A living is 000000001 must be

This is silence and clean clear and problems solving

In the righteous soul living in destination place create

And a created righteous soul voyage to the macro concept world

Then

A living chooses 1111111 then, the living is losing way from the
righteous soul road of 0000000

But

A living chooses 000000 then, the living keep way to the righteous soul living in destination place 0000000

But war of 1 to 0

So that, all of living face 1 to 0 war, in the war losing then living 11111, but in the war survive then living 00000

Because

1111111 is relative with unburnt residue of loudly and dirty

Righteous soul survives from war to 0 then,

Do not breath of 000000 is get to the war survive to live 0

Of silence and clean clear of out of unburnt residue

Right cross to the 0000 of doing not breath then, it occurs

Bubble of creation of knowledge

Here

Creation of knowledge is really feeling in excitement

Survive of righteous soul living then

Creation of knowledge of excitement of pleasure

This is much more value

Breathing of easy living

In here

Easy living

Getting much more than other

But here is also

“Temptation

Revenge and breaking”

It never ever there is no excitement of pleasure

Breathing = mind ∞ = wicked soul ∞

Of there is no excitement of pleasure

{Do not breathing 0 war to Do breathing 1 }

If win by do not breath 0

Then, in the end of living is excitement of pleasure

If win by doing breathe 1

In the end of living is not excitement of pleasure

Even though

In the real living of seen world of macro concept world are

All seeking

Breath 1 then this living is easy living and getting much more than other, so that all run to breath fully

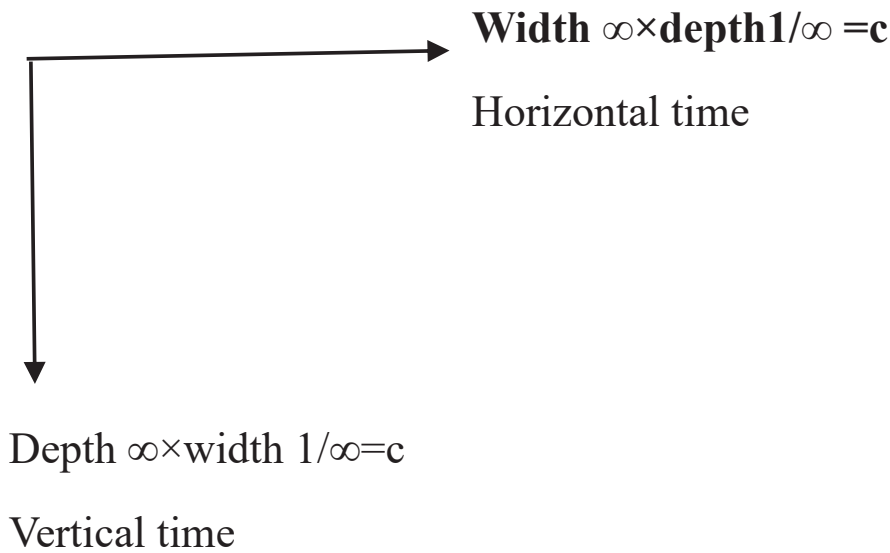

In the seen world is all living breath 1 living

No one do not know

Do not breath live ending

Awaits excitement and pleasure of all solving creation of knowledge destination place

Vertical Time to Horizontal Time War

$$\text{Width } \infty \times \text{depth } 1/\infty = \text{depth } \infty \times \text{width } 1/\infty = c$$

Horizontal time living zone is depend on width ∞

Vertical time living zone is depend on depth ∞

Living better competition is horizontal time run to the end of horizontal time, so that

Width ∞ is better competition completion

Living better competition is vertical time runs to the end of vertical

time, so that

Depth ∞ is better competition completion

Depth ∞ to be helped by creation of knowledge

Width ∞ to be helped by revenge and breaking

Width ∞ is conflict to other, then to win is required by revenge and breaking energy of wicked soul

Depth ∞ is do not conflict to other, but runs to depth is required by righteous soul energy

{Vertical Time to Horizontal Time War}

Vertical time creation of knowledge with righteous soul energy

Horizontal time revenge and breaking with wicked soul energy

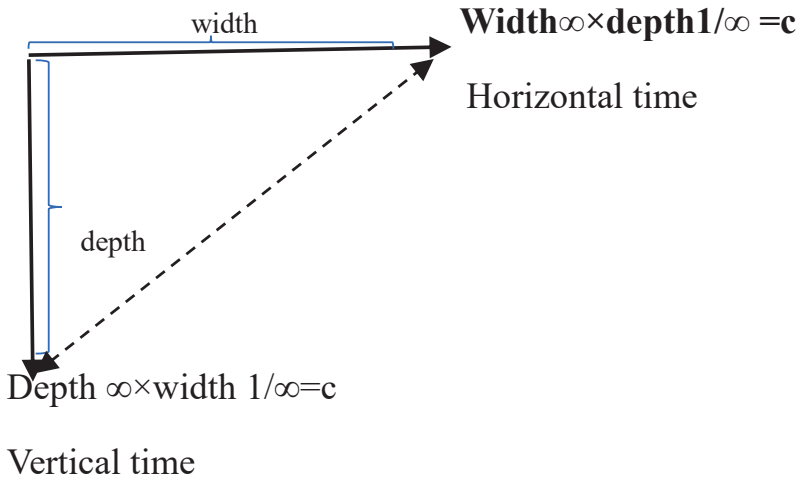

So that

{Vertical Time to Horizontal Time War} is

Creation of knowledge to revenge and breaking

Righteous soul energy to wicked soul energy

Vertical Time to Horizontal Time War

If win width then

Width ∞ reach at the end of horizontal time then horizontal time win in the war to the vertical time

As helping revenge and breaking energy ∞

If win depth then

Depth ∞ reach at the end of vertical time then vertical time win in the war to the horizontal time

As helping creation of knowledge ∞

What is difference between vertical time and horizontal time

Vertical time is not any width of territory

Here is no one making hard and damaged

Horizontal time is not any creation of knowledge

Here is huge number of livings to be hard and damaged

In a time of space

Peace and keep living wealth and health at vertical time

In a time of space

War and do not keep living wealth and health at horizontal time

Peace time winning is growing culture of creation of knowledge

Culture of creation of knowledge with all righteous souls living excitement and pleasure

War time wining is revenge and breaking all of old knowledge wicked soul breaking to be clear all disappeared at a time and space

Peace is righteous soul living

War is wicked soul living

If in a time and space all living of wicked soul then sure to be war

After war of all of righteous soul then it must be peace

In the peace time it sure

Depth $\infty \times$ width $1/\infty$, so that livings are all silence and clean clear living of creation of knowledge

It shares time and help other, but also doing real love other

But truly infer that as the time fly, it changed strangely a living try to getting much more than other, and a living try to easy living, so that

It increased mind livings and wicked soul livings, so that

It comes gradually

Width $\infty \times$ depth $1/\infty$, so that, there is no righteous soul livings

Who are “it shares time with other, help other, but also doing real love other”, gradually decreased then, in the end a final righteous soul to be disappeared then,

Correctly it comes to a war

This is cycle

In the time of war, then cosmos law all bring righteous souls to the righteous soul living in destination place, but after that here is all occupied by wicked souls

It is really hard to find a righteous soul, I really rely on a righteous soul, but now there is no righteous soul, so that I can't living by my self

The, its sure cosmos law declare "there is no one in this time and space righteous soul", then wicked souls are shouting here is wicked soul living in destination place

Declare after of soon, all of live TV off to the righteous soul living in destination place, so that there is no righteous soul TV all revenge and breaking and shouting crying anger hunger hard to live all of saying TV but also, there is wicked souls interesting story TV programs all, so that all of wicked soul livings are feeling same as wicked soul livings anger fight all win others, losers are all weak wicked soul, so that strong wicked soul shouting erase all of not strong wicked souls

Here book writer

It really hard to see TV, huge channel but there is no me excitement and pleasure I'm hard with TV, there is no any helping me my righteous soul living growing creation of knowledge but all TV is old knowledge which is go around not runs to the direct living but all is running go around in the past origin knowledge

I'm a book writer

No one interesting my creation of knowledge

All do not know

So that my book writing is really hard

Creation of knowledge is hard to grow here now

Because all livings are all wicked souls

As a final righteous soul of me

So that, even no one do not know creation of knowledge but

In the end wicked soul living, but it comes righteous soul living time see and find righteous soul livings accept and it is helping to the righteous soul growing to the direct line to the future of righteous soul living in destination place

Oh!

Dear

Please revive vertical time livings runs to the vertical time of deepest place, then, a vertical time living will be win to the horizontal time running, then avoided coming war

Oh! Dear

I feel urgent because at now all TV is wicked soul living only, there is no any helping me growing and feeling in excitement and pleasure

If soon it will be come of war

Horizontal time living is now, it is really urgency and dangerous time

How to I do only feel righteous soul living, will I change war stream
to peace stream, that is only helping creation of knowledge

If my own this creation of knowledge all to be known by movie
methods

Then, all of world movie seer knows that, so that, all living changed
from horizontal time living to vertical time living

Cosmos law help my creation of knowledge to be movie so that keep
peace now time and space
